Priorities:

1. Public awareness on issues relating to children
2. Parent Education
3. Improving access to health care
4. Networking
5. Professional Training
6. Increase usage of EPSDT screenings

Major Outcomes:

- More community awareness and involvement
- Access Healthcare Committee which includes broad community membership
- Stronger Partnerships within community
- Addition of the Care Coordinator position

Partners

Canadian Co. Health Dept.	OUHSC– Sooner Success

Mabel E. Fry Library	Faith Community
Youth and Family Services	Redlands Community College
Russell-Murray Hospice	Childrens Justice Center
	Family Members
	El Reno Head Start

Sometimes it takes a whole county to raise a child successfully.

CANADIAN COUNTY COALITION FOR CHILDREN & FAMILIES

A Lil' Bit About Us….

The Canadian County Coalition for Children and Families was organized in September, 1996 and has always had great vision and partnerships. The coalition provides a forum for networking, sharing of information, professional training and public awareness on issues relating to children. We strive to support and participate in a variety of different programs and committees and look forward to increasing participation.

We are very excited about our new endeavors with our Access to HealthCare Committee. This Committee is looking at expanding the way children are seen and referred in the healthcare system, by increasing the EPSDT screenings. We are excited about the possibilities that this will bring to our children and the community.

Key Activities

- Health Fair
- Hosted a Networking Luncheon attended by almost 200
- Promoted Child Abuse Prevention Month awareness activities
- Will launch a Care Coordinator pilot position to help improve EPSDT rates and help families access healthcare
- Hosting "Lunch & Learn" speaker series which has featured speakers on autism and substance abuse treatment
- Partnering with El Reno Public Schools on "Safe Schools, Healthy Students" federal grant.
