FACT: High-visibility enforcement of safety belt laws influences drivers to buckle up.

Promoting this high-visibility enforcement is the essence of Click-It or Ticket. Research shows that many part-time seat belt users and non-users fear a citation or significant fine more than injury or death in a crash. Strong enforcement of safety belt laws saves lives. The CIOT mobilization depends on your department's leadership and participation. Thank you!

FACT: By participating in this year's CIOT mobilization, your agency could receive one of several $4,000 incentive awards. Awards are determined by random drawing. To be eligible for an award, the agency must participate in CIOT and submit the required reports by the due dates, as explained in this brochure.

Incentive awards will be selected at random from eligible participants after the mobilization ends. Winners may use their award money to pay for radars, trips to highway safety conferences, in-car cameras, training events, etc.

Safety belts can save lives, but only if they're used. Please join us and other Oklahoma departments and take part in Click-It or Ticket. For more information, call OHSO at (405) 523-1570 or visit www.ohso.ok.gov.
