Oklahoma Office of Homeland Security

Introduction to CAMEO Suite
Guymon, OK
October 12-14, 2010

Course Overview: This Performance-Level course provides training on the fundamental elements of the CAMEO® Suite of programs as they relate to emergency situations. As such, it includes detailed technical information and hands-on practice of critical elements of the CAMEOfm system and its associated programs (ALOHA®, MARPLOT®, LandView®, and Tier II Submit). To better understand how the programs interface, participants are provided opportunities to practice key procedures that allow users to enhance planning and response activities associated with community risks. These exercises clarify the connections between the programs and how they can enhance emergency planning and response activities.

Participant Audience: Law enforcement, emergency medical services, emergency management agency, fire service, HAZMAT, public works, governmental administrative, public safety communications, health care and public health. If a Regional Response System member, please bring the laptop assigned to the Regional Response System Unit, so that we can update your software.

Date and Location: October 12-14, 2010 8 am-5 pm; Guymon EOC 2906 Tumbleweed Drive Guymon, OK 73942
