*Some counties and all MCDs/CCDs have been suppressed, the map shows the boundary symbol for only the higher-ranking of each boundaries. If two or more boundaries are coincident, Priority for boundary boundaries were based on the rank assigned by the Census Bureau, hierarchy boundaries.

1. MCDs / Incorporated Places/CDPs. These are the primary entities.
2. The CCD and CDP boundaries represent areas of settlement. They are not to be confused with the MCDs.
3. Incorporated place boundaries are shown in the incorporated place filter.
4. Address range-feature values represent the address range in the TIGER/Line files. Because the ends of street segments are the boundary values for addresses.

Use to verify boundaries, carry information along with other features and geographic names, and for map, not for legal use.

1) Labels, boundaries, roads, and other features may not be in the proper location on the map.

2) Census features existing in error and/or omission in relation to other features and features shown on other maps.
