Primary Care Physicians Listing
Tulsa Area

How to Choose a Primary Care Physician:

You must choose a Primary Care Physician (PCP) when you enroll. This is the first step to using CommunityCare. This doctor will manage and coordinate your healthcare, except emergency and urgent care. CommunityCare is served by the hospital networks listed under "Hospitals." If you need help selecting a PCP, you may contact Member Services at 1-800-777-4890 or visit our Web site at www.ccok.com.

Things to Consider When Choosing a PCP:

1. Hospital Facility
2. Primary Care Physician (PCP) Network
3. Specialist Network
4. OB/GYN Network
5. Behavioral Health Network

Example of how our network affiliations work:

CommunityCare Member John Doe chooses Dr. Bob Bush of the St. John Network. This will give Mr. Doe access to St. John Medical Center for hospital services. However, members have the freedom to seek care from any in-network specialist, regardless of PCP selection.

Network = St. John
Hospital = St. John Medical Center
Specialists = Any in-network specialists

Network changes for some of our employer groups are limited to once a year at your Employer's Open Enrollment Period.

Note: Participating Primary Care Physicians who have closed practices have not been listed in this directory.

Primary Care Physicians

The following list is provided to allow you to select a Primary Care Physician (PCP). This is the first step to using CommunityCare. The PCP network and hospital affiliation are listed immediately under the PCP's name.

Please Note: Network changes for some of our employer groups are limited to once a year at your Employer's Open Enrollment Period. If you have questions about which network a PCP participates in, please contact Member Services at (918) 594-5242 or 1-800-777-4890. You can also send an e-mail to ccare@ccok.com.

If a physician can provide services in a foreign language, that language will appear below the physician's telephone number.

CommunityCare
SELECT

Primary Care Physicians Listing
Oklahoma City Area

How to Choose a Primary Care Physician:

You must choose a Primary Care Physician (PCP) when you enroll. This is the first step to using CommunityCare. This doctor will manage and coordinate your healthcare, except emergency and urgent care. CommunityCare is served by the hospital networks listed under "Hospitals." If you need help selecting a PCP, you may contact Member Services at 1-800-777-4890 or visit our Web site at www.ccok.com.

Things to Consider When Choosing a PCP:

1. Hospital Facility
2. Primary Care Physician (PCP) Network
3. Specialist Network
4. OB/GYN Network
5. Behavioral Health Network

You must remain in the same network for all your healthcare needs, except emergency and urgent care services.

Example of how our network affiliations work:

CommunityCare Member John Doe chooses Dr. Bob Bush of the **St. Anthony Network.** This will give Mr. Doe access to **St. Anthony Hospital** for hospital services and access to **St. Anthony Specialists** for specialty care.

Network = St. Anthony		**Network = Norman**
Hospital = St. Anthony Hospital	**OR**	**Hospital = Norman Regional Hospital**
Specialists = St. Anthony Network		**Specialists = Norman Regional Hospital**

Network changes for some of our employer groups are limited to once a year at your Employer's Open Enrollment Period.

Note: Participating Primary Care Physicians who have closed practices have not been listed in this directory.

Primary Care Physicians

The following list is provided to allow you to select a Primary Care Physician (PCP). This is the first step to using CommunityCare. Your PCP selection will determine what network (Norman Regional Hospital or St. Anthony Hospital) you will use for all services, except emergency and urgent care services. The PCP network and hospital affiliation are listed immediately under the PCP name.

Please Note: Network changes for some of our employer groups are limited to once a year at your Employer's Open Enrollment Period. All services except emergency and urgent care services, as defined in the Member Handbook, must be provided within the network you have selected. If you have questions about which network a PCP participates in, please contact Member Services at (918) 594-5242 or 1-800-777-4890. You can also send an e-mail to ccare@ccok.com.

If a physician can provide services in a foreign language, that language will appear below the physician's telephone number.

Obstetrician/Gynecologist (OB/GYN) Physician Listing

Oklahoma City Area

Please Note: These listings are provided to allow our members to self-refer for their annual well woman exam.

You must schedule your annual well woman exam with an OB/GYN who is in the same network as your primary care physician. For example, if you have an HS Network (St. Anthony Network) primary care physician, you must schedule your annual well woman appointment with an HS Network (St. Anthony Network) OB/GYN. If you have a question about which network your PCP or OB/GYN is in, please call Member Services at 918-594-5242 or 1-800-777-4890.

Please see the PCP listing in this directory to select your PCP. If you have any questions or need any additional information, please call Member Services at 1-800-777-4890.

Please use this list to self-refer for your annual well woman exam. If a physician can provide services in a foreign language, that language will appear below the physician's telephone number.
