WHO WE ARE

The State Use Program works with not-for-profit organizations that provide employment opportunities for people with disabilities. We market the products and services of individuals with disabilities, linking them to meaningful career options.

By investing in the State Use Program, we continue to grow annually, helping Community Rehabilitation Programs (CRPs) **employ nearly 2100 individuals.**

OUR POLICIES

We place strong emphasis on the quality and reliability of the products and services provided by our member CRPs. All of our products and services are fully guaranteed to give 100 percent satisfaction in every way. If you find something is unsatisfactory, the vendor will take the necessary steps to correct the issue.

Feel free to write or call our office with comments or complaints. You will receive fast, personal attention from a helpful staff member. We want you to be as pleased as we are with the efforts of our Community Rehabilitation Programs.

“ I like having a good place to work. Keeps me out of trouble and I have good bosses. ”
