Ronnie Sullivan of St. Francis Hospital appears before the Board to discuss Distant Pharmacy Order Review Process:

Ronnie Sullivan, of St. Francis Hospital in Tulsa, met with the Board to request approval of their new Distant Pharmacy Order Review Process. He explained that the reason for the need to implement the process is that JCAHO is requiring pharmacist to review all medication orders for appropriateness before the first dose is administered. St. Francis is staffed with pharmacist 24 hours a day and they are responsible for 2 other facilities that do not have 24 hour pharmacies. He explained how the orders would be received electronically by the St. Francis pharmacist when there was not a pharmacist on duty at the Broken Arrow and Tulsa facility they service.

Motion was made by Bill Osborn and seconded by Diana Hampton to approve their process as presented. Motion passed on roll call vote.

OSBP vs. Leigh-Ann Hamby, Technician #3783 – Case No. 662 – Requesting reinstatement of her technician license:

The Board was called to order by President Richards to hear the request of Leigh-Ann Hamby regarding Case No. 662. Ms. Hamby technician permit is on suspension and she was requesting that it be placed on probation.

Motion was made by Bill Osborn and seconded by Diana Hampton to place Ms. Hamby's technician permit on probation upon finding employment in an Oklahoma licensed pharmacy. The new employer would need to send a letter to the Board stating her employment and her training as a technician. Ms. Hamby may not work in a non-

licensed pharmacy as this would be a violation of the probation. Motion passed on roll call vote.

Board recessed for lunch

OSBP vs. Barry Craig, D.Ph. #11238 – Case No. 590A – Requesting probation:

The Board was called to order to hear the request of Barry Craig. Mr. Craig had been living in Tennessee for the last few years and had been participating in TPRN to satisfy his contract with OPHP. Kim McKown of Compass Vision testified as to the reports received from TPRN.

After a discussion, it was determined that Mr. Craig had been in compliance for a period of 2 years. It was also determined that Mr. Craig should be evaluated to determine if he was fit for work and he would also do drug testing under OPHP. He would appear before the Board at the April meeting providing that OPHP determines that he is fit for duty. The Board would then decide the number of Intern hours that he would have to serve before being granted full probation to practice. This was agreed to by Mr. Craig and Ms. McKown. A Final Order will be made after the April meeting.
