FY 2015 National Criminal History Improvement Project (NCHIP) Grant Award

The purpose of the National Criminal History Improvement Grant is to assist states in meeting various evolving federal and state requirements regarding criminal history and related records.

In 2015, the State of Oklahoma received $1,611,078.00. The Oklahoma State Bureau of Investigation, Sequoyah County, Oklahoma County, and Custer County County received five (5) federal awards because the projects focus on the exchange of data between law enforcement and the Courts.

Criminal History Data and Retention Recovery

Award Recipient	*Location*	*Amount Awarded*
Oklahoma State Bureau of Investigation	**Oklahoma City**	**$252,340.00**

Grant funds will be used to provide correction and entry of Oklahoma County case dispositions for fingerprint-based arrest events found in the state repository for criminal history record information.

Oklahoma AFIS Generation 3 Project

Award Recipient	*Location*	*Amount Awarded*
Oklahoma State Bureau of Investigation	**Oklahoma City**	**$1,250,000.00**

Grant funds will be used to update and automate case outcomes from courts and prosecutors in State records and FBI's Criminal History File. Upgrading Oklahoma's AFIS will accommodate increasing demands on the current system which is exceeding its capabilities and causing delays in the processing of fingerprint cards.

Livescan Projects

Award Recipient	Location	Amount Awarded
Sequoyah County	**Sallisaw**	**$22,197.33**

Grant funds will be used to purchase a Livescan device in order to report fingerprint and arrest data electronically to OSBI. The accuracy of providing instant identification of offenders, offender criminal history as well as wants and warrants of individuals who are being fingerprinted is imperative. In addition to capturing and electronically submitting fingerprint information, the Livescan device also has the capabilities to capture both palm prints and mug shots.

Oklahoma County	**Oklahoma City**	**$64,343.11**

Grant funds will be used to replace two (2) end of life Livescan devices in order to report fingerprint and arrest data electronically to OSBI. The accuracy of providing instant identification of offenders, offender criminal history as well as wants and warrants of individuals who are being fingerprinted is   imperative. In addition to capturing and electronically submitting fingerprint information, the Livescan device also has the capabilities to capture both palm prints and mug shots. Funds will also cover the replacement and configuration of the store and forward hardware and software named ROSCO, as well as the upgrade of the Latent Workstation.

Custer County	**Arapaho**	**$22,197.33**

Grant funds will be used to purchase a Livescan device in order to report fingerprint and arrest data electronically to OSBI. The accuracy of providing instant identification of offenders, offender criminal history as well as wants and warrants of individuals who are being fingerprinted is imperative. In addition to capturing and electronically submitting fingerprint information, the Livescan device also has the capabilities to capture both palm prints and mug shots.
