## **Economic Development Generating Excellence (EDGE)**

### **Final Project Report Innovative Ideas Program**

Because the EDGE endowment is funded by public dollars, the EDGE Program has a responsibility to report the expenditure and the impacts of these dollars. The EDGE Program recognizes that there will be a wide variety of impacts associated with each of its funded projects and that these impacts contribute to the state's success and capabilities in many ways. Therefore, EDGE gathers and analyzes information regarding the impact of its projects on the diversity and strength of Oklahoma's economy, on the state's research and technology infrastructure and capacity, and on funds attracted into the state. In addition, EDGE seeks information about how its funds impact and advance the recipient's program.

**To achieve these reporting goals, we ask that you as the Principal Officer/Investigator now complete the following inquiry about the impacts of your EDGE funding.** This template will assist you in preparing your Final Project Report for the EDGE Policy Board. Should any field in the template not apply to your project, please enter N/A. Do not include any personally-identifiable health data or other information that may compromise any individual's privacy.

The Project Report should be returned via email to [rwaldrop@okedge.org](mailto:rwaldrop@okedge.org). Final reports are due to the EDGE Policy Board office within 30 days after the closing date of your project.

If you have any questions or comments please contact Rachel Waldrop Holzhauser at (405) 319-8288 or Paul G. Risser at [risserp@ou.edu](mailto:risserp@ou.edu).
