

# AHRQ Measures

## Worse Than Average Measures Only

Ref	Community of Practice	Short Measure Name	State Performance	State Rate	All-State Average	Data Source	Quality Dimension
48A	Physician office	Pap tests	Worse than Average	78.1	82.4	BRFSS	Cancer
52A	Physician office	Diabetes hemoglobin A1c tests	Worse than Average	77.8	84.8	BRFSS	Diabetes
68A	Physician office	Children fully vaccinated	Worse than Average	72.1	82	NIS	Maternal and child health
57A	Physician office	Blood cholesterol testing	Worse than Average	67.9	72	BRFSS	Heart Disease
53A	Physician office	Diabetes foot exams	Worse than Average	67.5	72.8	BRFSS	Diabetes
47A	Physician office	Mammograms	Worse than Average	67.2	74.5	BRFSS	Cancer
56A	Physician office	Always get appointment for care -- children on Medicaid	Worse than Average	55.5	68.9	NCBD	Getting appointments for care
55A	Physician office	Easy planned appointments -- children on Medicaid	Worse than Average	50.7	60.8	NCBD	Getting appointments for care
49A	Physician office	Sigmoidoscopy or colonoscopy	Worse than Average	47	54.5	BRFSS	Cancer
50A	Physician office	Fecal occult blood tests	Worse than Average	25.7	29.7	BRFSS	Cancer
78A	Nursing Home	Nursing home short-stay residents -- with pressure sores	Worse than Average	20.4	17.8	MDS	Nursing home and home health care
74A	Nursing Home	Nursing home residents -- with pressure sores in high-risk cases	Worse than Average	15.2	12.6	MDS	Nursing home and home health care
71A	Nursing Home	Nursing home residents -- physically restrained	Worse than Average	12.6	5.3	MDS	Nursing home and home health care
73A	Nursing Home	Nursing home residents -- with urinary tract infections	Worse than Average	10	8.6	MDS	Nursing home and home health care
70A	Nursing Home	Nursing home residents -- with moderate to severe pain	Worse than Average	8.4	5.7	MDS	Nursing home and home health care
72A	Nursing Home	Nursing home residents -- in bed	Worse than Average	7.8	2.6	MDS	Nursing home and home health care
76A	Nursing Home	Nursing home residents -- with urinary catheter left in	Worse than Average	7	5.6	MDS	Nursing home and home health care
75A	Nursing Home	Nursing home residents -- with pressure sores in low-risk cases	Worse than Average	3.1	2.6	MDS	Nursing home and home health care
77A	Nursing Home	Nursing home short-stay residents -- with delirium	Worse than Average	3.1	2.2	MDS	Nursing home and home health care
61A	Hospital	Beta blocker prescribed at discharge for heart attack -- Medicare	Worse than Average	84.5	90.8	QIO	Heart Disease
59A	Hospital	Aspirin within 24 hours of heart attack admission -- Medicare	Worse than Average	83.8	89.3	QIO	Heart Disease
60A	Hospital	Aspirin prescribed at discharge for heart attack -- Medicare	Worse than Average	83.7	92.5	QIO	Heart Disease
58A	Hospital	Recommended hospital care for heart attack -- Medicare	Worse than Average	80.8	86.4	QIO	Heart Disease
63A	Hospital	Ejection fraction test for heart failure admission -- Medicare	Worse than Average	74.1	83.5	QIO	Heart Disease
62A	Hospital	Recommended hospital care for heart failure -- Medicare	Worse than Average	71.6	78.6	QIO	Heart Disease
85A	Home Health	Medicare home health care -- home after home health care	Worse than Average	56.6	66.4	OASIS	Nursing home and home health care
81A	Home Health	Medicare home health care -- improved pain management	Worse than Average	49.8	60	OASIS	Nursing home and home health care
79A	Home Health	Medicare home health care -- improved transferring	Worse than Average	45.4	50.9	OASIS	Nursing home and home health care
82A	Home Health	Medicare home health care -- improved breathing	Worse than Average	44.9	57	OASIS	Nursing home and home health care
84A	Home Health	Medicare home health care -- hospitalization	Worse than Average	37.2	29.5	OASIS	Nursing home and home health care
80A	Home Health	Medicare home health care -- improved mobility	Worse than Average	34.3	36.9	OASIS	Nursing home and home health care
83A	Home Health	Medicare home health care -- improved bladder control	Worse than Average	33	46.1	OASIS	Nursing home and home health care
51A	Other	All cancer deaths	Worse than Average	199	188.5	NVSS	Cancer
64A	Other	Prenatal care	Worse than Average	77.8	84.2	NVSS	Maternal and child health
87A	Other	High satisfaction overall with providers -- children on Medicaid	Worse than Average	62.8	70.5	NCBD	Patient experience of care
46A	Other	Lung cancer deaths	Worse than Average	62.5	53.2	NVSS	Cancer
86A	Other	High satisfaction overall with providers -- Medicare, managed care	Worse than Average	47.2	53.6	NCBD	Patient experience of care
66A	Other	Infant mortality -- low weight	Worse than Average	21.7	14.6	NVSS	Maternal and child health
69A	Other	Suicide deaths	Worse than Average	13.6	10.2	NVSS	Mental health
54A	Other	Dialysis and on kidney transplant list -- Medicare	Worse than Average	10.1	15.5	USRDS	End stage renal disease
65A	Other	Infant mortality -- all births	Worse than Average	7.7	6.6	NVSS	Maternal and child health
67A	Other	Infant mortality -- without low weight	Worse than Average	3.6	2.2	NVSS	Maternal and child health
