

Dear Colleague:

Thank you very much for being a champion in the effort to increase awareness of the signs and symptoms of stroke and the need to call 911 immediately through the Oklahoma Stroke FAST Campaign. We know that when armed with this knowledge, Oklahomans will recognize a stroke and seek help sooner. We believe that the Stroke FAST Campaign will reduce the stroke death rate in Oklahoma and give stroke victims a much greater chance of full recovery.

The packet, which you have requested, contains the following materials:

- Stroke FAST DVD
- Stroke FAST Posters
- Stroke FAST Wallet Cards
- Stroke FAST Bookmarks
- Frequently Asked Questions
- Pre and Post Tests
- Presentation Report Form

The presentation should follow this suggested sequence. Administer the Pre test to your audience and collect responses. Present the 3-minute video and follow this by soliciting questions and discussion from the audience. Please refer to the FAQ's provided for help in answering questions posed by audience members. After all questions have been addressed, administer the Post-test to the audience and collect the responses. Complete the Stroke FAST Presentation Report Form and attach the Pre and Post-test responses to it. Finally, mail the Report Form and Pre and Post-test to the Heart Disease and Stroke Prevention Program at the address below.

Again, we applaud and appreciate your efforts to help Oklahomans act FAST when stroke symptoms occur.

Sincerely,

A handwritten signature in blue ink that reads "Amy Carte". The signature is written in a cursive, flowing style.

Amy Carte, RN, MS
