

Emergency Medical Responder Candidates!

Please read the following information regarding the Oklahoma Emergency Medical Responder Test

What do I do first?

Contact the technology center test site of your choice from the list on the back of this information sheet. You will need to:

1. Schedule a testing date/time
2. Find out what forms of payment the test site accepts (i.e. cash, check, money order, debit/credit card)

How much does testing cost?

Each test costs \$25 – payment must be made to the test site upon registration unless other arrangements have been made.

What do I need to bring on test day?

You must have the following documents in order to be admitted for testing:

- Social Security Card
- Valid photo identification issued by a U.S. government entity (i.e. driver's license, school I.D., passport)
- Training and Testing Verification Form documenting completion of training through an OSDH-approved training program.

How do I prepare for the test?

The test is based upon NREMT guidelines for First Responders. NREMT's website, www.nremt.org, provides information on curriculum resources as well as the test plan.

What score is considered passing?

A score of 70% or above is considered passing. Successful candidates will be added to the Oklahoma Emergency Responder Registry. Candidates who score below 70% must retest. Candidates must wait at least three (3) days before retesting. Candidates who do not pass the written test after three attempts must retrain. **NOTE:** All results will be forwarded to the Oklahoma State Department of Health.

Will the test site give me anything once I have completed testing?

In addition to documenting the test attempt on the back of your Training and Testing Verification Form, the test site will provide you with a Coaching Report that shows the score you received on the test and how you performed in each of the six content areas. If you need to retest, the Coaching Report identifies areas for additional study before retesting.
