

## **H1N1 Vaccine Information Statements**

---

**Vaccine Information Statements** (VISs) are information sheets produced by the Centers for Disease Control and Prevention (CDC) that explain to vaccine recipients, their parents, or their legal representatives both the benefits and risks of a vaccine. Federal law as well as the H1N1 agreement requires that VISs be handed out whenever (before each dose) certain vaccinations are given.

The following link will take you to the CDC website where you can obtain copies of the English and Spanish versions for H1N1 intranasal and inactivated vaccines.
