

## HIV Drug Assistance Program

The HIV Drug Assistance Program (HDAP), through the Oklahoma State Department of Health and the contracted pharmacy, OU Pharmacist Care Center, provides specific HIV medications to eligible low-income individuals living with HIV disease in Oklahoma (through mail order or pharmacy).

HDAP is funded by the Federal Ryan White CARE Act Title II grant to the states. HDAP is the payor of last resort.

## Eligibility Requirements

- Applicant must be an Oklahoma resident
- Applicant must have documented HIV infection and/or a documented AIDS diagnosis.
- Applicant must have a physician's prescription(s) for the drugs listed on the HDAP formulary.
- Applicants with health insurance & Medicare D prescription coverage may qualify for co-pay assistance.
- Applicants eligible for third party coverage including Medicaid, must make application and access prescription coverage available.
- Applicant must have a monthly family household gross income of not more than 200% of the Federal Poverty Guidelines (e.g. 1 person - \$1,805 a month), when applicable, after \$600 work related deduction and/or out-of-pocket documented medical expenses are deducted.

## HDAP Access

- The HDAP application and assistance with completing the application is available through one of the designated HDAP access case managers (list on back).
- The HDAP case manager submits the completed application with documentation to OSDH for review and determination of eligibility and certification.
- Certifications will be from 3 months up to the program year (April 1, 2010 - March 31, 2011) or calendar year for Med D.
- Applicants who qualify for third party coverage (e.g. Medicaid) will be given a provisional certification for 3 months.
