Oklahoma Immunization Update February 2009

DISEASE and PREVENTION SERVICES
IMMUNIZATION SERVICE

PLEASE POST & DISTRIBUTE TO ALL NURSING AND MEDICAL STAFF

With the multitude and variety of combination vaccines on the market, deciding which vaccine to use at a particular visit can be challenging. One method to make the decision easier is to fill in a schedule grid with the vaccines your clinic prefers and post it for all staff. Examples of this approach are available at the Immunization Service website at <http://imm.health.ok.gov>. Below are two examples of the OK BY ONE schedule using combination vaccines.

Proper Use of Pediarix®

Pediarix is licensed for the first three doses in the hepatitis B vaccine, DTaP vaccine, and IPV series. It is permissible to administer Pediarix at 2, 4, and 6 months of age when an infant has received the birth dose of HepB. Pediarix is not licensed for the fourth dose of DTaP or IPV. Infanrix® is preferred for the fourth dose of DTaP following Pediarix, but any available DTaP vaccine can be used for this dose.

Age	Birth	2 months	4 months	6 months	12 months	6 months later	4-6 years	
Vaccines								
HepB	HepB	Pediarix	Pediarix	Pediarix				
IPV								
DTaP					Infanrix			Kinrix®
RV		RotaTeq® or Rotarix®	RotaTeq or Rotarix	RotaTeq or None needed if first 2 doses were Rotarix				
Hib		ActHIB or PedvaxHib	ActHIB or PedvaxHib	ActHIB or None needed if first 2 doses were PedvaxHib	Defer this dose of Hib due to limited supply of Hib vaccine.			
PCV		PCV	PCV	PCV				
MMR					MMR		MMR	
Varicella					Varicella		Varicella	
HepA					HepA	HepA		

Proper Use of Pentacel®

Daptacel® is preferred for the fourth and fifth doses of DTaP following Pentacel, but any available DTaP vaccine can be used for these doses.

Age	Birth	2 months	4 months	6 months	12 months	6 months later	4-6 years
Vaccines							
HepB	Hep B	HepB		HepB			
DTaP		Pentacel	Pentacel	Pentacel	Daptacel		Daptacel
IPV					IPV		IPV
Hib					Defer this dose of Hib due to limited supply of Hib vaccine.		
RV		RotaTeq® or Rotarix®	RotaTeq or Rotarix	RotaTeq or None needed if first 2 doses were Rotarix			
PCV		PCV	PCV	PCV			
MMR					MMR		MMR
Varicella					Varicella		Varicella
HepA					HepA	HepA
