

Get Checked.

IT COULD SAVE YOUR LIFE.

General Colin Powell

There are **MORE CASES** of prostate cancer than any other major cancer.

Every **THREE MINUTES** an American man finds out he has prostate cancer.

Nearly **30,000** men will die from prostate cancer this year.

FACTS

- A man is 33% more likely to get prostate cancer than a woman is to get breast cancer.
- Prostate cancer may have no warning signs or symptoms
- The five-year survival rate when detected early is nearly 100%
- Screening is the only way to detect prostate cancer in its earliest stages
- Over 220,000 men will be afflicted with prostate cancer this year
- Nearly 30,000 men will die from prostate cancer this year
- African-American men are twice as likely to get prostate cancer and twice as likely to die from it
- Men with a family history of prostate cancer are at high risk
- All men's risk increases with age

1 in 6 men will get prostate cancer in their lifetime.
