**Mission.** To promote healthy communities and provide the highest quality care to enhance the well being of all Oklahomans. Operates/funds three hospitals (JCAHO accredited) and numerous programs-and residential care homes. The umbrella of services include Mental health Services, Substance Abuse Services, Domestic Violence/Sexual Assault Services, Program for Assertive Community Treatment (PACT), Systems of Care (SOC), and Area Prevention Resource Centers (APRC).

People who have sustained head/brain injury may be referred to mental health professionals to help treat signs and symptoms they experience after injury or for the prevention or treatment of substance use which complicates the after-effects of injury. The mental health system is comprised of several types of inpatient and outpatient facilities and centers across the state.

*A complete listing of services by County and Community is available in the ODMHSAS Yellow Pages of the Oklahoma Department of Mental Health and Substance Abuse Services (405/522-3810 and the Department's website at <http://www.odmhsas.org/publications.htm>)*

The information is updated on a continuous basis. Electronic and printed copies are available from the Prevention Resource Center or by logging on to the website shown above. The document presents contact information and brief descriptions of services including service listings by community and county, community systems of care, the Oklahoma area prevention network, designated emergency examination detention centers, summary listing of services by type, and other helpful numbers. The 24-hour toll free hotlines are:

- For assistance with issues related to mental health and substance abuse, call Reachout Hotline 800-522-9054.
- For assistance with issues related to domestic violence or sexual assault, call Safeline 800-522-7233.
- For young people looking for a concerned listener, call Teenline 800-522-7233.

## **Institutions of Higher Education**

*(Includes public institutions supported by legislative appropriations)*

*(Contact information subject to change)*

Applicants with disabilities must meet general admissions requirements for the university and the specific requirements of the program in which they wish to enroll. Each institution is committed to the goal of achieving equal educational opportunity, full participation for students with disabilities, and providing assistance that will facilitate student's independence and academic progress. The university's Disability Support Services provides services to students with disabilities and, in compliance with Sections 503 and 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, programs are established to assist students with special needs. The process to initiate, request, and obtain services is conducted by Disability Support Services staff and the student. Resources available include the Library for the Blind and Physically Disabled, Office of Handicapped Concerns, and Vocational Rehabilitation. Diagnostic testing and psycho-educational evaluation resources are also available

## Career and Technology Education, Oklahoma

Oklahoma Department of Career and Technology Education  
1500 West 7<sup>th</sup> Ave.  
Stillwater, OK 74074  
405/377-2000  
Website <http://www.okcareertech.org>

The Oklahoma Department of Career and Technology Education (ODCTE) provides leadership and resources, and assures standards of excellence for a comprehensive statewide system of career and technology education that includes 29 technology center districts operating on 54 campuses, 398 comprehensive school districts, 25 skill centers,, and three juvenile facilities. Governed by the State Board of Career and Technology Education, the ODCTE works closely with the Department of Education and the State Regents of Higher Education to provide continuity of education for Oklahomans. Career and Technology Centers are an important part of the education system in the state. The ODCTE is accredited by the Oklahoma State Department of Education, the Department of Career and Technical Education, and regional associations. The ODCTE system includes Business and Industry Resources, Educator Resources, and the Technology Centers. A wide array of courses and programs are offered within Full Time Programs, Adult Training and Development Programs, and Business and Industry Services. Examples include: 1) Training for industry (TIP) program, which delivers customized training to qualifying new Oklahoma companies - students are commonly linked with companies during instruction and prepare for jobs; 2) offering of seven types of educational opportunities for junior high school students to senior citizens; 3) Skills Centers that operate occupational training programs and life skills for incarcerated adults and for juveniles in detention centers; and 4) Temporary Assistance for Needy Families (TANF), a program that provides up to one year of vocational training for welfare recipients. The costs of education and training are lower than other types of education and vary by length and type of program.

**Disability Services.** The Centers provide reasonable accommodations and support for students with disabilities and special education needs covered by the Americans with Disabilities Act (ADA), Section 504 of the Rehabilitation Act of 1973, and Individuals with Disabilities Education Act (IDEA). Students with disabilities may request accommodation within full time programs or short-term classes by contacting the Director of Student Services. Vocational rehabilitation counselors and other staff are available to help students with accommodations, and job search and employment.
