4. Child Abuse Prevention

C.H.I.P. Coalition Priorities:

1. Physical Fitness & Nutrition
2. Tobacco Prevention
3. Substance Abuse Prevention
4. Access to Health Care

About Us...

Sapulpa Interagency became a Turning Point Partner in March. All agencies at the table wanted to work on a project that helped meet the challenges of children and youth with serious mental health needs and their families. They worked on implementing Systems of Care for about a year and are now referring clients.

Bristow Community Health Improvement Project continues to put on the Wildflower Run each year. However, each year has allowed them opportunities to partner with other festivities. In 2008, the Wildflower Run will be the ending celebration of the Seven Healthy Habits of Bristow. CHIP is working on a monthly campaign promoting the seven healthy habits including Pure Air (Tobacco Prevention), Sunlight (vitamin D & skin cancer awareness), Rest (right amount of sleep), Exercise, Water, Proper Diet and Spirituality. Each month has a word that is displayed in the Bristow newspaper, on the radio, and around the town. The public schools and community are involved in mini projects promoting the healthy habit of the month. In April, CHIP will hosted a health fair explaining and education the seven healthy habits. It is seven natural remedies to health... inexpensive...easy...excellent health.

S. I. Partners:

CREOKS-Behavioral Health
Sooner Success
