

# Okfuskee Community Partnership Board

“A Turning Point and OCCY Partnership”

2008

## Coalition Priorities:

1. Improve the quality of life for Okfuskee County residents
2. Promote Physical activity and Nutrition
3. Increase the partnerships to improve the coalition

## About Us...

The Okfuskee County Community Partnership Board has been apart of Turning Point since September 2007. The Okfuskee Community has supported the partnership in all of its activities. The Partnership Board has provided many activities over the pass year: Town Hall meeting on Underage Drinking Prevention, Day for Youth, Family Day, Tobacco Prevention, SWAT, 2M2L, Child Abuse Prevention, Parenting Classes. The partnership board has wonderful members that come together and think outside the box to put together activities for the youth. One of the biggest events that we do is the “Day For Youth”, this is a one day camp that introduces middle school kids to different activities and education topics that they wouldn’t see in a normal day at home or in school. The partnership board also puts together a big day in April , for Child Abuse Prevention month. One of the top focus’s for the coalition with in the next year is to get together a youth coalition in Okfuskee County. The Okfuskee County Partnership Board has wonderful participation from all of the partners listed.

## Partners:

Okfuskee County Health Department	Okfuskee Co. Sheriff Dept.
Okfuskee County OSU Ext. Office	Twin Rivers Head Start
Gateway to Prevention and Recovery/ Area Prevention Resource Center	Creek County Hospital-Diabetes Program
