Major Outcomes:

Expansion of Partnership

Partners	Grand Lake Mental Health Center
Arvest Bank	Craig General Hospital
The Junction	Vinita Literacy Council
White Oak Schools	District Attorney's Office
ROCMND APRC	
VADTC	
Craig County Health Dept.	

A Lil' Bit About Us….

Craig County Community Partnership has been a not-for –profit organization since 1997. Turning Point became apart of the partnership in 2003.

This partnership shapes the future of Craig County through strong, diverse leadership that brings together representatives from all facets of the county forming an interactive partnership with all other county organizations to promote satisfying, healthy lifestyles.

It has been a busy year. Subcommittees have been active in planning a free health clinic to provide assistance for the underserved. They have been hard at work designing an after school programs to keep Craig County children active in positive programs rather than nothing to do and turning to drugs and alcohol. This group has teamed up with Project Under 21 and after prom party for other programs.

CCCP has been involved in county fairs, festivals, rodeos and town hall meetings to promote drug free education and activities.

A lot of planning has gone into the 2006 year in order to gear up for 2007.

Key Activities

- Free Health Clinic
- After school Programs/Boys & Girls Club
- Senior Fair
- Red Ribbon Week
- Drug Prevention
- Master Trail Plan
- Underage Drinking Prevention
- 211
