- Received Underage Drinking Town Hall Meeting Grant

A Lil' Bit About Us....

Partners Acting as Change Agents (PACA) is a diverse group of individuals from many different sectors of the community. The coalition continues to have much success due to the program director and other paid staff who collaborate with the many partners to address the coalition's goals. The majority of the work is done through multiple committees that meet monthly to address certain issues. These committees are well functioning and allow each individual the opportunity to use their time and talents to focus on a specific area.

Key Activities:

- Continued to hold monthly meetings and recruit committee members
- Presented to Kid's Inc. Board of Directors to be tobacco free
- Developed and implemented Walk this Weigh Woodward
- Held Town Hall Meeting on Underage Drinking
- Held Family Fun Fair in August
- Implemented Girl Power! and BASIC Training all-day events for 5th and 6th grade girls and boys
- Continued to implement BASIC Training and Girl Power Club after-school programs each week
- Set-up booths and handed out information at multiple health fairs
