

Application for Recognition Breastfeeding Friendly Worksite

Our worksite meets or exceeds the following minimum criteria required for recognition as a Breastfeeding Friendly Worksite (**all criteria in this section must be checked**).

- _____ Flexible break times for expression of milk
- _____ A comfortable location allowing privacy for pumping, other than a toilet stall
- _____ Access to a nearby clean water source and a sink for washing hands and rinsing out any breastpump equipment
- _____ Written policy supporting breastfeeding that includes the above minimum requirements and a description of how all staff are informed of this policy
(Please attach your written policy)

Additional options (3 necessary for designation as a Gold Star Employer – Please check all that apply)

- _____ Access to a refrigerator for safe storage of milk
- _____ Prenatal breastfeeding education
- _____ Counseling by a lactation consultant as needed for women to breastfeed successfully
- _____ Referrals to public/private community resources for special situations
- _____ Education for all employees on the benefits of breastfeeding and company services available to support breastfeeding women
- _____ Hospital-grade breastpump available for employee use
