Newsletter

The training offered by OMTI meets the requirements of Mine Safety and Health Administration to keep mining operations in compliance with MSHA regulations.

OMTI will continue to help any newly permitted mining operation to get in compliance with any state or federal training regulations. If you would like to attend or send an employee, please call at the number noted above. Our training schedule is posted on the Oklahoma Dept. of Mines website: www.mines.state.ok.us

TRAINING OFFERED IN OKC, TULSA and TISHOMINGO!!!

In an attempt to be even more responsive to the mining industry, we are offering training classes in **Oklahoma City, Tulsa & Tishomingo**. The classes in OKC will be conducted at the *Francis Tuttle Technology Center*, either at the *Reno or Rockwell campus as indicated in the class dates*. The classes in Tishomingo will be held at *Murray State College – One Murray Drive in Building 14* and Tulsa classes will be held at the *APAC Training Center, 3149 N. 129th E. Ave., Tulsa, OK*. By offering these multiple locations, we feel that mining companies in all parts of the state can more easily attend the required training. The Annual Refresher Class that we teach fulfills the requirements for MSHA, as well as the Oklahoma State Supervisor Refresher. If you are interested in attending or sending your employees, please **register** by calling OMTI at 918/465-1872 or 918/465-1799.

BLASTING CLASSES

OMTI offers initial Blasting Certification classes and Blasting Refresher classes. We offer some of these classes in Claremore along with some at OMTI in Wilburton. The location in Claremore is listed below:

*N.E. Technology Center
1901 N. Hwy. 88
Claremore, OK 74017
Room 104*

INCLEMENT WEATHER CONDITIONS

The winter season will be here soon, so please call OMTI if weather conditions prohibit safe travel. We are a safety organization and our personnel are not allowed to travel on ice or dangerous roads. We will re-schedule if road conditions warrant cancellation of classes.
