---You MUST have an active license (not just a training license) with the proper Oklahoma licensing board BEFORE submitting the application. If you are an advance practice nurse or CRNA, you must also have prescriptive authority with the Oklahoma Board of Nursing before submitting the application.

---You must list a PHYSICAL Oklahoma BUSINESS address on the application. A post office box or route number alone will not be accepted. If you do not have a physical street address, then you may list a post office box or route number but must also provide directions to the business location.

---If you will not have a primary business location in Oklahoma, but will be doing relief work or locum tenens in the state of Oklahoma, then you may list your out of state address but must include an explanation letter (please note that DEA will require that you have the same address with us that you list with them).

---If you are a new applicant and do not already have a D.E.A. number, then you should answer "Pending" to the question asking for a D.E.A. number, as you must obtain OBN registration BEFORE you can obtain D.E.A. registration.

---Once the application is processed, you will be emailed a Certificate of Registration to the email address you list on the application (a certificate will not be mailed to you). If you do not list an email address on the application, then the certificate will be mailed to you at the business address you list on the application. If you do not want the initial certificate mailed to the business address, or if you want it mailed instead of emailed to you, then you should include a letter with the application advising of the address you want the initial certificate mailed to.

----**You should familiarize yourself with our rules and regulations (Title 475), and especially be aware of Section 475:10-1-21 regarding change of Business Address and the fact that you must notify us in writing of any change in business address within 14 days of the change. You should also read Title 63 (The Controlled Dangerous Substances Act). You can find both of these on our website- www.ok.gov/obnidd on the left menu under the heading of Rules and Regulations.**

----One registration renewal reminder will be mailed to the last address that we have on record approx. 90 days before the registration expiration date, however, **it is the registrant responsibility to be aware of the registration expiration date and to get the registration renewed before it expires, regardless of whether or not a renewal reminder is received.**

----**If you are an initial/first time applicant or you are renewing an inactive/expired registration, please note that you do not have any authorization to conduct controlled substance activities in Oklahoma until your application has been processed and a Certificate of Registration issued.**

---- If you are renewing an expired registration that has been expired for more than 6 months, you must submit the application with an explanation letter of why the registration was not renewed before it expired and advise whether or not you have prescribed, administered or dispensed CDS in Oklahoma while it was expired.

If you should have any questions regarding the application, you should contact the Registration Office at (405)521-2885 or (800)522-8031.
