

“MUSICIAN”

RADIO :30

TALENT: MALE 40 yrs old. Caucasian Male.

Musician: I've never smoked but I've played the guitar in smoky clubs for years. My doctor just told me I've got heart disease. He warned that breathing more secondhand smoke could cause a heart attack. Being a musician is what I do.

Voiceover: Each year secondhand smoke kills 46,000 non-smokers by causing heart disease. Think workers aren't harmed? Think again. Tobacco stops with me.

Musician: My career up in smoke, just like that.
