[63:2868]

If the audit results in a finding that the provider has collected and remitted fees in accordance with the Act, the Authority will approve the audit. Upon approval of the audit by the Authority, the provider may request reimbursement of audit expenses by submitting a written request and supporting documentation to the Authority.

SUBCHAPTER 7. DISBURSEMENT OF 9-1-1 TELEPHONE FEES [NEW]

145:15-7-1. Annual determination of eligibility and population [NEW]

- (a) The Authority will establish a preliminary list of eligible governing bodies entitled to receive 9-1-1 telephone fees and establish preliminary annual population figures for the purpose of distributing fees collected pursuant to the Act. Population figures will be derived by dividing the population of each public agency's response area by the total population of the state using data from the latest available Federal Census estimates. An agency's response area is defined as the territory within which landline 9-1-1 calls are directed to the agency to be answered.

(b) If a public agency disputes the Authority's preliminary determination regarding the population of the public agency's response area, the public agency shall be permitted to present information regarding the population of the public agency's response area to the Authority at the Authority's next regularly scheduled meeting. If the Authority determines that an error was made, the Authority may correct the population figures.

(c) If no preliminary list is disputed, or if the Authority adjusts a disputed preliminary list, such list shall become final and shall be submitted to the Tax Commission.

(de) If more than one public agency operates in the same response area, providing different types of 9-1-1 call answering service (VoIP, Wireless, Landline), the public agencies shall enter into a written agreement regarding the percentage of the total population of the response area that will be attributed to each public agency for purposes of distributing funds under the Act. The details of the agreement shall be submitted by each public agency in the annual report. If the public agencies fail to enter into such an agreement, the population of the public agency answering wireless calls will be approved. The public agencies shall submit all information deemed necessary by the Authority to aid in the determination.

145:15-7-2. Escrow of funds [NEW]

(a) Pursuant to section 2864 of Title 63 of the Oklahoma Statutes, the Authority may direct the Tax Commission to escrow all or any portion of funds collected pursuant to the Act attributable to a public agency if the public agency fails to:

(1) submit or comply with master plans to deliver Phase II 9-1-1 wireless locating services as required by this Act and approved by the Authority;

(2) meet standards of the National Emergency Number Association (NENA) limited to call-taking and caller-location technology or comply with an improvement plan to meet such standards as directed by the Authority;

(3) submit annual reports or audits as required by the Act; or

(4) comply with the requirements of the Act or procedures established by the Authority.

(b) If the Authority has reason to believe that grounds exist for the Authority to escrow funds attributable to a public agency, the Coordinator shall communicate the grounds to the public agency. The public agency shall be given an opportunity to present information to the Authority to show compliance with the Act and this Chapter.

(c) If the Authority determines that the public agency has failed to comply with any of the requirements in subsection (a) of this Section, the Authority may direct the Tax Commission to escrow all or any portion of funds attributable to the public agency. The Authority may lift the escrow order if the public agency shows compliance with the requirements of the Act or the procedures established by the Authority with which the public agency was found to be in non-compliance.

(d) If the Authority determines that the public agency has failed to comply with subsection (a)(1) or (a)(2) of this Section, the public agency shall submit an improvement plan to be Authority within 90 days of the Authority's finding of non-compliance. The Authority will approve, modify or deny the improvement plan and establish a time period for the public agency to come into compliance. If the public agency fails to submit an acceptable improvement plan or fails to comply with the improvement plan, the Authority may direct the Tax Commission to escrow all or any portion of funds attributable to the public agency. The Authority may lift the escrow order upon a showing of compliance with the requirements of the Act or the procedures established by the Authority with which the public agency was found to be in non-compliance or

upon acceptance by the Authority of a new improvement plan. If the public agency determines that it cannot comply with the terms of the improvement plan, the public agency may request approval to modify the terms of the plan.

Multiple grants may be awarded to eligible entities in any given year.

145:15-9-2. Application process [NEW]

- (d) An application that is not reviewed for any failure on the part of the applicant shall be deemed to be a withdrawal of the application.

145:15-9-3. Award process [NEW]

- (a) Submission of a final application does not guarantee the award of a grant.
- (b) In anticipation of receiving applications for funding greater than the program funds available, evaluation criteria will be used to rank the applications. These criteria will be developed by the Administrative Committee.
- (c) Applications will be evaluated and ranked by Committee members, or by others as requested. Applications with the highest evaluation will be recommended for funding to the extent of funds available.
- (d) Applications submitted to the agency remain confidential until a decision is made by the Authority. The final decision to award shall be made at the sole discretion of the Authority.
- (e) All applicants will receive written notification of final award status.

145:15-9-4. Grant administration and evaluation [NEW]

- (a) Proper documentation of each expense is required, including paid invoices, cancelled checks, payroll receipts, time records and other pertinent proof of expenditures. Grant funds may not be used for ongoing operating costs of any emergency telephone system.
- (b) Grantees shall be subject to performance evaluations as to their compliance with the terms and conditions of the cooperative agreement and may be audited as appropriate.
- (c) Grantees shall keep a file on awarded grants, and include copies of grant award, applications, claims, invoices and cancelled checks, as appropriate, in order to comply with audits.
- (d) Failure to complete an awarded project may result in repayment of claimed funds and ineligibility to receive other awards.
- (e) Grants may be cancelled by the Authority in the event of noncompliance or lack of progress by grantee. Written notification of cancellation or withholding of funds will be provided to defaulting grantees. Grantees shall be given an opportunity to cure the default. The final decision to cancel the grant shall be made at the sole discretion of the Authority.
