

State of Oklahoma

Central Purchasing Division

Realized Cost Savings Report

For the period of July 1, 2010 through June 30, 2011

Executive Summary

The State of Oklahoma achieved savings of almost \$14 million for Central Purchasing managed contracts for fiscal 2011. The spend and savings are summarized below.

	Spend	Savings	Percent Savings
Total	\$ 120,418,407.40	\$ 13,968,819.92	10.4%
Political Sub-Divisions	\$ 23,222,464.99	\$ 2,314,597.62	9.0%
Higher Ed	\$ 29,953,296.08	\$ 620,476.18	2.0%
State Only	\$ 67,242,646.33	\$ 11,033,746.12	14.1%

Executive Summary (cont.)

Notes regarding Cost Savings Calculations:

- ▶ A simplified cost savings formula and cost avoidance formula were used to calculate savings percentage:
 - $(\text{Historical Price} - \text{New Price}) / (\text{Historical Price})$
 - $(\text{Average of responsive bids} - \text{Awarded bid}) / (\text{Average of responsive bids})$
- ▶ Savings calculations are conservative and represent only savings which can be easily quantified. Several issues led Central Purchasing to take a very conservative approach to calculating savings. Those issues include:
 - Missing or incomplete usage data as reported by vendors for each contract
 - Multiple discount percentages across a specific contract in which Central Purchasing would have taken the discount with the least percentage off of list prices
 - Missing historical prices or missing responsive, non-awarded prices
 - Lack of pricing transparency
