ASBESTOS APPLICATION FOR DETERMINATION OF DEGREE EQUIVALENCE

This application **must** accompany a Management Planner or Project Designer application

Section 380:50-5-11(2) of the Abatement of Friable Asbestos Materials Rules states:

AHERA Management Planners shall be licensed as a special category of Asbestos Contractor, shall have a bachelor's degree in a technical subject, or equivalent, and, in addition to the AHERA inspector training outlined in Section 380:50-6-4 and 380:50-6-9, shall have completed a 16-hour course for AHERA Asbestos Management Planners which fully meets the requirements of Section 380:50-6-5 and 6-10.

Section 380:50-5-12(2) of the Abatement of Friable Asbestos Materials Rules states:

AHERA Project Designers shall have met all requirements for accreditation for Asbestos Abatement Contractor or Project Designer, and in addition, shall have a bachelor's or advanced degree in architecture, engineering, or industrial hygiene, or an equivalent combination of education, training, and experience as determined by the Commissioner.

The criteria to be used for determining degree equivalency are as follows:

1. Up to 60 credit hours of general higher education may be counted towards degree equivalency, on a one-to-one basis. Beyond 60 credit hours, higher education must be in the fields of engineering, architecture, or industrial hygiene. Continuing education units courses and professional/technical training courses and seminars may be counted at a rate of 15 actual classroom hours equals one hour of higher education credit.
2. In lieu of a bachelor's or advanced degree in architecture, engineering, or industrial hygiene, the applicant may substitute two years practical experience in the fields of non-residential building construction, industrial insulation, asbestos project designer, asbestos management planning, or asbestos abatement. Such practical experience shall be at the supervisory, inspection, or management level. Work at the laborer level shall not be counted. Any such substituted experience shall include a minimum of four years actual asbestos experience.
3. In case the applicant is substituting eight years experience for four years of higher education, the applicant must have a high school diploma or GED certificate. **(Please submit an official high school transcript or a duplicate GED certificate.)**
