# Definitions of Weather Products

The following is a list of National Weather Service Products that are currently available for the OK-WARN for the Deaf and Hard of Hearing System. A brief explanation of each product is provided.

Product	Definition
	PRODUCTS THAT CAN NOT BE DELAYED
TORNADO WARNING	A tornado has been sighted or NWS Doppler radar indicates a tornado may form at any time. <b>Seek shelter immediately.</b>
SEVERE THUNDERSTORM WARNING	A severe thunderstorm is indicated on radar or has been reported by storm spotters. Winds in excess of 58 MPH and/or hail dime size or larger can be expected.
TORNADO WATCH	Conditions are right for Severe Thunderstorms and Tornadoes to occur in the Watch Area. Product can be sent as an AREA (20 miles north of a line between Oklahoma City and Tulsa) or COVERAGE COUNTIES (One or more counties in your area) or INCLUDED COUNTIES (List of all OK Counties in Watch) or SINGLE COUNTY ONLY (Just your Home County)
SEVERE THUNDERSTORM WATCH	Conditions are right for Severe Thunderstorms to occur in the Watch Area. Product can be sent as an AREA (20 miles north of a line between Oklahoma City and Tulsa) or COVERAGE COUNTIES (One or more counties in your area) or INCLUDED COUNTIES (List of all OK Counties in Watch) or SINGLE COUNTY ONLY (Just your Home County)
WINTER STORM WARNING	Issued if there is a high probability that a dangerous winter storm will occur, such as heavy snow or sleet, significant accumulations of freezing rain or freezing drizzle, or any combination of these. This is normally issued 12 hours or less before the event.
WINTER STORM WATCH	Issued if there is a threat (but still some uncertainty) of heavy snow or sleet, significant accumulations of freezing rain or freezing drizzle, or a combination of these. Usually issued 12 to 48 hours before an event.
WINTER WEATHER ADVISORY	Winter weather advisories are used to <b>ALERT</b> the public of situations that may cause inconvenience or difficulty to travelers, or for people who must be outdoors, but conditions generally do not pose a threat to life or property.
FLASH FLOOD WARNING	Flash Flood Warning means flash flooding is occurring or is imminent in the specified area. Move to safe ground immediately.
FLASH FLOOD WATCH	Flash Flood Watch means it is possible that rains will cause flash flooding in the specified area. Be alert and prepared for a flood emergency.
CIVIL EMERGENCY MESSAGE	Messages from State and Local Officials relayed by the National Weather. May include information about Terrorist attacks, Amber Alerts, and other Emergency Messages.
	DELAYABLE PRODUCTS
SPECIAL WEATHER and SIGNIFICANT WEATHER STATEMENTS	This product is used to describe significant weather events (like strong thunderstorms, lightning, etc) when no warning is in effect.
SEVERE WEATHER STATEMENT	This is a warning update, designed to provide updated information about Tornado and Severe Thunderstorm Warnings in effect.
RIVER FLOOD WARNING	This is designed to inform about river flooding.
NON-PRECIPIATION ADVISORY	Used to note periods of dense fog, high winds and other conditions that the public needs to be aware of.
