

## PENSION BENEFITS ARE SECURE

It has come to our attention that there are rumors and innuendoes circulating that the Oklahoma Police Pension and Retirement System (OPPRS) and your pension benefits are in jeopardy of being reduced or eliminated. This information is false. The Oklahoma Supreme Court has previously issued an opinion stating that pension benefits are protected.

Please be assured that regardless of who is elected Governor or which party may control the state legislature, that neither the OPPRS nor your pension benefits are in jeopardy. Your pension benefit is safe and secure.

The OPPRS is the best funded retirement system in the State of Oklahoma of the five major state retirement systems (Police, Fire, Law Enforcement, Public Employees and Teachers) and it shall remain so. Your Board of Trustees and the Staff of OPPRS will ensure that the OPPRS and your pension benefit will be protected. Rest assured that the OPPRS shall continue as a viable and secure retirement for your future.
