(2) The Fund's annual rate of return shall be calculated and certified by the Board's financial consultant. The annual rate of return shall be for the fiscal year ending June 30.

(3) The interest shall be credited to the member's option account on an annual basis which is defined as fiscal year ending June 30. The amount of the interest credited shall be calculated at simple interest. The formula for calculating the interest shall be the amount of the deposit times the certified annual rate of return, less two percent (2%), divided by 365 days times the number of days the deposit was credited to the member's option account for the fiscal year.

(4) Each member shall receive an itemized statement at least on an annual basis beginning with interest credited at June 30, 1991.

(5) Upon completion of the five year term in the Oklahoma Police Deferred Option Plan or earlier termination of employment by the member, annual interest calculated through the last day of the month employed and certified by the Board's financial consultant will be credited to the member's option account provided the annual rate of return is greater than the actuarial assumed interest rate. If the rate of return is less than the actuarial assumed rate then the member's option account will be credited at the assumed interest rate of the last actuarial report.

(6) When a member has participated in the Oklahoma Police Deferred Option Plan for five (5) years or if the member terminates employment prior to the end of the five (5) years, the member's option account if left in the Plan, ceases to earn interest unless the member made a timely election pursuant to the Deferred Option Payout Provision Policy. Effective July 1, 2006, pursuant to the Deferred Option Payout Provision Policy, a retired member who has completed participation in the Oklahoma Police Deferred Option Plan under the Forward Drop or the Back Drop provisions may elect within thirty (30) days following termination of employment with a participating municipality to leave his or her Deferred Option Payout Account balance in the Plan. Under the Deferred Option Payout Provision Policy, the retired member's Deferred Option Payout Account balance will be commingled and invested with the total pension fund and as such the retired member will not be able to direct his or her investments.

(7) At the conclusion of a member's participation in the Oklahoma Police Deferred Option Plan, the member must terminate employment and start receiving the member's accrued monthly retirement benefit from the System. Such termination has at all times included reemployment of a member by a participating municipality but only in a position not covered under the System or as a police chief. Thus, such a member would receive in-service distributions of such member's accrued monthly retirement benefit from the System.

(e) **Payment.**

(1) The member shall make application to terminate participation in the Oklahoma Police Deferred Option Plan a minimum of ninety (90) days prior to termination of employment with the participating municipality. The Oklahoma Police Pension and Retirement System shall have a minimum of ninety (90) days from the date of receipt of members' application to terminate participation in the Oklahoma Police Deferred Option Plan in which to process said application and make payment, unless the member has made an affirmative election to participate in the Deferred Option Payout Provision.

(2) The member should make payment selection a minimum of thirty (30) days prior to the distribution date. The form on which payment selection must be submitted will be provided by the System.

(3) The member may select a lump sum payment, equal to the member's option account, which will be paid directly to the member by the Oklahoma Police Deferred Option Plan. This payment will be made after the last contribution has been received and interest applied following termination of employment and after receipt of the completed payment selection form.

(4) The member may select a direct rollover of his or her distribution in accordance with OAC 550:1-7-5.

(5) The member may select an annuity to be provided by a third party. The Oklahoma Police Deferred Option Plan shall not be subject to any fees or charges from the annuity provider.

(6) The member may select to participate in any other method of payment if approved by the State Board.

(7) Once the member's option account has been paid directly to the member, or as a Direct Rollover or to the member's annuity provider, the member shall not have any recourse against the Oklahoma Police Deferred Option Plan, the Oklahoma Police Pension and Retirement System, its Executive Director and staff, and/or the Board.

(f) **Beneficiaries.** If the participant dies during the period of participation in the Oklahoma Police Deferred Option Plan, a beneficiary may elect to receive a lump sum payment equal to the account balance of the participant. A beneficiary may elect a Direct Rollover of the account balance in accordance with OAC 550:1-7-5. If there is no beneficiary or if the beneficiary predeceases the participant, a lump sum payment shall be paid to the estate of the participant. Once paid out directly to the beneficiary (ies), or as a Direct Rollover, or to the estate of the member, neither the beneficiary (ies) nor the estate of the member shall have any recourse against the Oklahoma Police Deferred Option Plan, the Oklahoma Police Pension and Retirement System, its Executive Director and staff, and/or the Board.

550:20-1-2. Computation

All purchases of transferred credited service pursuant to 11 O. S. Section 50-111.4, shall be based upon the actuarial cost of the incremental projected benefits to be purchased.

- (1) The actuarial cost, and any tables formulated for the purpose of determining such cost during each calendar year, shall be based on the actuarial assumptions utilized in the actuarial valuation report as of the preceding July 1.
- (2) The actuarial value shall be based upon the member's age, salary and service at the time of purchase, together with the earliest age for retirement and actuarially projected salary at time of retirement. For purposes of this

actuarial cost, it is assumed that all members are married at the time of retirement. If purchase is not made within 30 days of Board approval, the purchase must be recalculated and the actuarial cost may increase.

(3) For purposes of this actuarial cost, the member's age shall be rounded up or down to the nearest birthday.

(4) For purposes of this actuarial cost, the mortality tables shall be formulated as a unisex table assuming post retirement mortality weighted 90% male and 10% female.

(5) In the event a member who chooses to purchase service has been employed less than twelve (12) months, the member's salary shall be annualized based upon the completed calendar months of payroll information.

(6) In lieu of installment payments (for a purchase where installment payments are otherwise allowed by Oklahoma state statutes), an active member may elect to make the payment of the actuarial purchase price, repayment of a previous withdrawal, purchase of previous non-participating service, or any other eligible purchase or repayment permitted and authorized by the statutes governing the System by use of a direct trustee-to-trustee transfer of non-Roth funds or direct rollover of non-Roth funds as authorized by the statutes governing the System.

(7) Notwithstanding (6) of this subsection, purchases may be made by a cash lump sum payment, installment payments (where otherwise allowed by Oklahoma state statutes), trustee-to-trustee transfer of non-Roth funds and/or direct rollover of non-Roth funds as described in (6) of this subsection.

(8) In the event that a member (A) elected to purchase transferred credited service pursuant to 11 O.S. Section 50-111.2, (B) has made payment for such transferred credited service under 11 O.S. Section 50-111.4, and (C) has not had such transferred credited service added under 11 O.S. Section 50-112.A by the time such member becomes entitled to a disability benefit under 11 O.S. Section 50-115, upon application by the member such payment shall be refunded from the Fund without interest thereon.
