

NOTICE: Broker Relationships Test Question Change

Because of a law change that goes into effective November 1, 2013, the topic area "Brokerage Relationships Act" will be reduced from fourteen (14) questions to four (4) for the sales examination and from eleven questions (11) to five (5) on the broker examination. Candidates will only receive questions in the "Brokerage Relationship Act" category that apply to the current law as well as the new law.

This changes the total number of questions on the sales examination to 120 instead of 130 (state items reduced from 50 to 40), and brings the number of broker examination questions down from 150 to 144 (64 state items reduced from 70).

The reduction in the amount of test questions on the state examination is only temporary.
