

**Instructions:** The State prefers a pricing model that minimizes overall project cost and reduces risk of price overruns. The vendor may submit multiple pricing models if desired. The vendor should clearly describe their pricing model and prices as submitted in this attachment.

**NOTE:** For pricing at hourly rates, vendors must include the estimated number our hours for each category and the total cost. For those applicable categories with hourly rates.

For fixed rate items, include the fixed rate cost.

Please provide pricing in the clearest way possible. If you need to include additional information by expanding the table, please do so.
