

Make 'n Take Sheet

Discover How Easy It Is To Make Your Own Assistive Technology!

Reading Helper

This item helps to single out just a couple or even one line of text and highlights it, making it easier to read for the child.

Materials:

- Folder
- Colored Transparent Paper
- Tape
- Scissors

Make-N-Take Price: \$3.00

Directions:

1. Cut the transparent paper into strips that are approximately 2 inches wide.
2. Cut the folder into strips that are also approximately 2 inches wide.
3. Fold the strip of folder in half, and carefully cut a rectangle in the middle of the strip.
4. Tape the transparent paper, in the middle of the folded folder strip.

Helpful Hints: You can use transparent file folders to get a good variety of color for a cheap price.

Oklahoma ABLE Tech, the statewide Assistive Technology Act Program, is funded through the Administration for Community Living of the U.S. Department of Health and Human Services, and maintains coordination and collaboration efforts with partners throughout the State of Oklahoma.
