Technology Accessibility Services

Oklahoma statute authorizes Oklahoma ABLE Tech to coordinate with the Office of Management and Enterprise Services to provide technical assistance to agencies concerning the requirements of the Electronic and Information Technology Accessibility (EITA) Law in Oklahoma.

Technology Accessibility Services

Oklahoma ABLE Tech is available to assist Oklahoma state agencies and higher education institutions in designing, developing, and procuring accessible websites and software.

ABLE TECH EXPERTISE

- Functional and technical accessibility
- Technology accessibility policy
- Institutionalizing accessibility

ACCESSIBILITY TRAINING

Group or individual training on a wide range of topics:

- Introduction to technology accessibility
- Technology accessibility standards and laws
- Implementing accessibility
- Components of accessible digital material
- Testing websites for accessibility
- Multimedia accessibility
- Document accessibility
- Customized training

ACCESSIBILITY REVIEW AND REPORTING

- Review websites and web applications for technical and functional accessibility
- Provide a report that details functional and technical barriers to accessibility and provides recommendations to address the barriers
- Option to meet and discuss barriers discovered and how to satisfactorily address each one

ACCESSIBILITY CONSULTING

- Institutional accessibility
- Accessibility in procurement
- Accessibility policy and/or procedures
- Remediation planning
- Overcoming specific accessibility barriers

FEES

ABLE Tech charges a flat rate of \$90 per hour plus mileage, billable in 30-minute increments, for technology accessibility review services and consulting.

The training rate for an individual is \$90 per hour and group trainings are \$350 per half day or \$700 for a full day, plus mileage. We can also tailor trainings to meet agencies' or institutions' unique needs.
