

# Oklahoma ABLE Tech Digital Accessibility Services and Fees

Oklahoma ABLE tech is available to assist Oklahoma state agencies and higher education institutions in designing, developing and procuring accessible websites and software.

## ABLE Tech Understands

- Information technology accessibility
- Functional and technical accessibility
- Digital document accessibility (Microsoft Word, Adobe PDF)

**ABLE Tech provides web and digital accessibility review, training and consulting to help agencies and higher education institutions provide, understand and design sustainable digital accessibility processes. From high level training to one-on-one consulting, ABLE Tech provides the knowledge needed to make websites and web software more accessible to everyone.**

## ABLE Tech: digital accessibility

### ACCESSIBILITY REVIEW AND REPORTING

- Review web sites and web applications for conformance with Oklahoma's Electronic and Information Technology Accessibility standards.
- Provide a report that details functional and technical barriers to accessibility and provides recommendations to address the barriers.
- Option to meet and discuss barriers discovered and how to satisfactorily address each one.

### ACCESSIBILITY TRAINING

- Group or individual training on a wide range of topics:
- Introduction to digital accessibility
  - Digital accessibility standards and laws
  - Implementing accessibility
  - Components of accessible digital material
  - Testing web sites for accessibility
  - Accessibility in Microsoft Word 2010
  - Accessibility in Adobe Acrobat

### ACCESSIBILITY CONSULTING

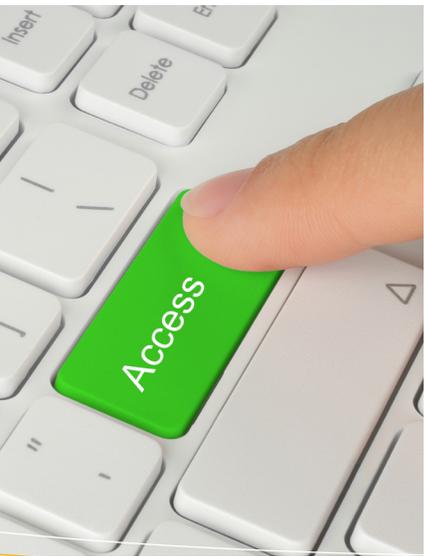

- Institutional accessibility
- Accessibility policy and/or procedures
- Remediation planning
- Overcoming specific accessibility barriers
- Accessibility Review Report walkthroughs

### FEES

Oklahoma ABLE Tech charges a flat rate of \$90 per hour, billable in 30 minute increments, for digital accessibility review and reporting services and consulting.

The training rate for an individual is \$90 per hour, and group trainings are \$500 per half day or \$900 for a full day. We can also tailor training to meet an agency or institution's unique needs. Contact us today to find out more!
