Annual Event Rewards State Employees' Dedicated Service

OKLAHOMA CITY -- May 31st, 2007 -- State employees will be honored at the fourth annual "State Employee Night at the Brick". The event will showcase the Oklahoma RedHawks vs. the Salt Lake City Bees at 7:05 PM on June 1, 2007.

"The 'State Employee Night at the Brick' gives state employees the chance to relax and enjoy a free night of excitement with their families," said Governor Brad Henry. "With all the hard work that they do, they definitely deserve an event like this."

The annual event is sponsored by OK.gov, Oklahoma's official Web site, found online at www.ok.gov. State employees and their families have been invited to attend the game free of charge. As part of a pre-game event, state employees will have a chance to enter to win prizes and meet RedHawks official mascot, "Rowdy", from 11 AM to 1 PM on Thursday, May 31st, 2007, at the state capitol.

"We have conducted this event for several years now with continuing success," said Mark Mitchell. "It has even become an award winning campaign for our company and giving back to our state partners is why we organize it each year."

The "2006 State Employee Night at the Brick" was recognized for marketing excellence at the 2006 Public Relations Society of America's annual award ceremony with an "Upper Case" award and "Best of Show" award. Each year the event becomes a larger success with state employees. This year over 5,000 state employees are expected to invade the RedHawks stadium this year.

About OK.gov

OK.gov (www.ok.gov) built and manages the official Web site for the state of Oklahoma and partners with state agencies to bring new government services online. OK.gov is managed by the Oklahoma Office of State Finance and eGovernment firm NIC Inc. (Nasdaq: EGOV)

About NIC

NIC manages more eGovernment services than any provider in the world. The company helps government communicate more effectively with citizens and businesses by putting essential services online. NIC provides eGovernment solutions for over 1,500 state and local agencies that serve more than 51 million people in the United States. Additional information is available at www.nicusa.com.
