

Glenda Mittasch  
District 4 Representative  
Powers Abstract Company  
Perry, Oklahoma

#### SEPTEMBER "MESSAGE FROM THE BOARD"

It's September and fall is upon us, interest rates are down and hopefully everyone's business is picking up from the June 30<sup>th</sup> "First Time Buyers Run". OAB has been busy these past few months with the continuation of Plant Inspections and we appreciate everyone cooperating with Terri Parrish. If you have the opportunity to review our website you will notice that we are now listing the calls and complaints and the actions taken by either the board or the enforcement committee. In reviewing the complaints, the OAB office fields numerous calls regarding Closing issues and tries to direct customers to a source of reconciliation. The Rules committee will meet following the October Board meeting to start reviewing the laundry list of items that still need to be considered and we ask you to please take the time to tell us what you feel are priorities that we need to address this legislative session. It is a pleasure to represent District 4 and all the abstractors across the state on the Oklahoma Abstractors Board. Please feel free at any time to contact any of the board members or office staff if you have any issues that need to be addressed.

Respectfully,

Glenda M. Mittasch
