FEBRUARY "MESSAGE FROM THE BOARD"

What a difference a year makes! A little over a year ago a Board of 9 people from several walks of life come together to begin putting into place a plan for governing the Oklahoma Abstractors. All members have worked hard to establish rules to be submitted for approval for our industry while addressing problems that were in need of immediate attention.

I believe that we are moving in the right direction. It has not been an easy task but it has been a learning experience and I hope that all the hard work and planning will prove to be a successful endeavor, one that will be the best for our industry and, more importantly, the best for the consumer. Our goal is to implement the best guidelines possible to serve and protect the consumer.

Always feel free to contact me with any questions or if I can be of any help

Sincerely,

Linda Carpenter
