Examiners Achieve Safety and Soundness, Specialty Certification

The Banking Department had several examiners satisfy the criteria established by the Conference of State Bank Supervisors (CSBS) Education Foundation Certification Program during 2014. The following examiners were recently presented with Safety and Soundness and Specialty Certifications:

Certified Operations Examiner:

Garry Groom, Examiner
April Malone, Examiner

Certified Credit Examiner:

Mo Wilson, Examiner

Associate Certified Information Systems Examiner:

Brooke Tripp, Examiner

Commissioner Thompson commended these examiners for exemplifying the high quality of state banking department examiners. The CSBS Education Foundation Certification Program is designed to identify individuals who have demonstrated superior technical competency in bank examination and supervision. The certifications achieved by these examiners are effective for three years, with renewal contingent upon successful completion of required continuing education hours.
