

## More Frequently Asked Questions

### **How does the new Smoking in Public Places and Indoor Workplaces Act affect clubhouses and meeting rooms in residential complexes?**

*Clubhouses, offices of residential complexes or property owners' associations, meeting rooms, sales offices, etc. are not a part of the "private residence" space that is exempted from these laws. As workplaces and/or public places, as these terms are used in these laws, these areas are to be nonsmoking.*
