

State of Oklahoma Office of Management and Enterprise Services Information
Services Division

Attachment A

Current System Environment

The public completes paper documents that are mailed or faxed to the Oklahoma Department of Agriculture, Food, and Forestry (ODAFF) for processing, and ODAFF personnel input the data into the appropriate system. State licensing is accomplished using the following systems:

- Oracle Database 10.2.0.3.0, Application Server 10.1.2.3
- Microsoft Access (2000, 2003, and 2010)
- SQL Server 2008

Additionally, Laserfiche is utilized for document imaging.

Usage

The State licensing systems serve approximately 95,830 licensees, and the State processes approximately 8,000 applications, renewals, registrations, inspections, etc. on a monthly basis.
