1. In Section G - Price, please clarify what is meant by "Horizontal Student Information System Software License" in items G.6. and G.7., and how does it differ from the "Student Information System Software License" in items G.4. and G.5.

OMES Answer: Horizontal licenses should include integration with other software that a school might have such as budgeting, library systems, student information systems, etc. This will keep the schools from having to download a list of teachers from their Student Information System to say their payroll system or vice versa.

b. All other terms and conditions remain unchanged.
