Description of Amendment:

a. This is to incorporate the following:

1. What is the total budget limitation of this RFP? **The State cannot provide budget estimates as those will vary by agency or affiliate group.**
2. Please confirm about the start and end dates of this project? **This solicitation is for services with no determined project defined.**
3. Please share the details of the incumbent currently providing the same services? **There are four suppliers all providing services in differing categories.**
4. Kindly provide us the total dollar value spent on each category in the past. **Previous one year spend for all categories except E-rate = \$1,877,511.00 and E-rate \$39,377.00. The State expects the use of E-rate advisory services to potentially expand for use by all of Oklahoma's 515 school districts.**
5. Can you please provide detail as to the total number of users who will need to have access to our research and advisory services? **The State cannot provide a number of user estimate as those will vary by agency or affiliate group.**

6. Can you please provide detail as to the structure of the pricing model you would like for us to include? **Provide the pricing model that best details the different features and options available with your service(s)** Is the requirement a fixed fee subscription and services model plus hourly rates? **Yes, as applicable.**

7. IT research and advisory subscription services is often purchased through a per seat or group license model. As such, can the Office of Management and Enterprise Services provide details on the number of licenses that may be required by various agencies? **The State cannot provide a number of user estimate as those will vary by agency or affiliate group.** This will be helpful to ensure the State receives discounts for the procurement of multiple licenses.

8. In cross walking the RFP from the 7/1/2013 with the just released RFP, there appears to be a discrepancy in Section C - Solicitation Specifications. C.2 appears to have a cut and paste error that scrambles the individual bullets. For instance, C.2.1.1- Consultancy Services has the same bullets that were included with C.2.1.1 - Research and Advisory Services in the 2013 RFP. This occurs throughout Section C.2. Can you confirm that the presented structure is accurate? **Section C.2 – Mandatory Specifications / Requirements of RFP 090000234 is replaced in its entirety by Amendment 1, Attachment A - C.2 Mandatory Specifications / Requirements.**

b. All other terms and conditions remain unchanged.
