Description of Amendment:

a. This is to incorporate the following:

This amendment is to change C.5.4.2.

C.5.4.2. The Supplier shall provide a written description of their understanding of the OEM Project. In this section, the state is looking for evidence that the Suppliers understand the level of effort, the criticality of (i.e. the impact to OEM operations and the public that OEM serves), and the risks associated with the integration effort needed with the current in-house-developed, Computerized Criminal History applications with the new OEM application software, server hardware, and implementation/support services. In addition, it is expected that Suppliers will identify the risks inherent in each project phase and will identify the strategies that the Supplier will use to mitigate each risk.

Change to

C.5.4.2. The Supplier shall provide a written description of their understanding of the OEM Project. In this section, the state is looking for evidence that the Suppliers understand the level of effort, the criticality of (i.e. the impact to OEM operations and the public that OEM serves), with the new OEM application software, server hardware, and implementation/support services. In addition, it is expected that Suppliers will identify the risks inherent in each project phase and will identify the strategies that the Supplier will use to mitigate each risk.
