### Description of Amendment:

a. This is to incorporate the following:

\*C.2.3.\*b) The Supplier must provide hosting on dedicated servers in a professional secure data center.

**Question:** Is a dedicated virtual server environment on a private network in a professional secure data center (which meets all the other related privacy and security requirements) acceptable, or must the implementation use a dedicated and separated physical server environment?

**Answer:**

As long as the server is backed up at a separate physical location then yes. A dedicated virtual server environment on a private network in a professional secure data center is acceptable. If it is not backed up at a separate physical location then no it will not work.

b. All other terms and conditions remain unchanged.
