2015 Annual Agency Address Reporting Information

Please be advised the Council on Law Enforcement Education and Training will be accepting the 2015 Annual Agency Address Reports from July 1, 2015 to October 1, 2015. If your agency has already reported in 2015, you will be asked to report again during the above window to assure that CLEET has the most current mailing address and phone number for each officer. Title 70 O.S. Section 3311 (H)(1) requires, "Every law enforcement agency employing police or peace officers in the state shall submit to CLEET on or before October 1 of each calendar year a complete list of all commissioned employees with a current mailing address and phone number for each such employee."

An agency's submission of the required documentation in accordance with the aforementioned statute will bring an officer's obligation to notify CLEET of an address or phone number change in compliance with Title 70 O.S. Section 3311(P). However, an agency's compliance does not absolve the officer of their future obligation to notify CLEET within ten (10) days of changes in their address or phone number.

The email reports should be sent by the agency/department head, the training coordinator, or an appointed designee. If an appointed designee is sending the report, the Affidavit for Reporting Annual Individual Officer Addresses must be completed and accompany the report. The reporting address is OnlineAddressReport@cleet.state.ok.us

Although it is CLEET's desire to seek voluntary compliance, the statute does provide remedies for failure to comply. These remedies include:

- CLEET may disqualify a law enforcement agency from participating in training programs sponsored by the Council, and/or
- CLEET may impose an administrative fine for violations of this section.

Roster/Address Update Form Instructions, the Roster/Address Update Form, and the Affidavit for Reporting Annual Individual Officer Addresses can be found on the CLEET website under CLEET forms and LE Departments / Agencies.

If your agency does not receive a confirmation report from CLEET within 10 business days, please contact us to ensure we received your report.

If you have any questions, concerns or need assistance with the spreadsheet, please do not hesitate to contact Robbie Weathers at [\(405\)239-5120](tel:4052395120) or Norma Floyd at [\(405\)945-9153](tel:4059459153). Thank you for your attention to this request and timely response.

ADJUNCT INSTRUCTORS

Appeal to All Oklahoma Law Enforcement Agencies:

In recent months, CLEET has experienced a sharp decline in the number of adjuncts that have been able to assist with Basic Academy Training. Part of this decline is due to the severe weather crisis that we have experienced. All areas of training are experiencing these shortages; however, our skills classes in particular have been deeply affected. In addition to the needs for adjunct instructors, we need assistance in conducting practical exercises during the last week of an academy. Since these practical exercises have been added to the curriculum we have received great reviews from the students, commenting that they are able to put into practice the skills that they have learned during the 15 weeks of training.

CLEET provides housing and meals for persons assisting with training during a basic academy class. In addition, certified peace officers receive 1 hour of continuing education credit for each hour that they assist for basic academy instruction, per subject.

Firearms Training – The recommended ratio of instructors to students is 1 to 5 during the daytime and 1 to 3 nighttime firearms training. We generally have 35 to 45 students on the range at any one time. Currently, CLEET employs 5 full-time firearms instructors (2 are in administrative positions) which, with one in the tower, allows us to train 15 people at a time (following the above ratios) safely. The remaining instructional staff is comprised of adjuncts or line safety officers. It should also be noted that we commonly split the class in half with those not on the handgun range receiving training with the shotgun or handgun handling skills. Although this configuration keeps students engaged, it removes at least one of our full-time instructors from the handgun range, thus further pushing our instructor to student ratios.

The need for adjunct instructors on the firing range is not a new problem for CLEET. We are constantly challenged with maintaining a safe instructor to student ratio and recent class size increases have exacerbated the problem. We appreciate the commitment agencies across the state have made toward the CLEET firearms program and with your continued support our program will remain strong.

Law Enforcement Driving Training – We generally have between 12 and 15 vehicles operating during LEDT training. Each vehicle has one instructor and three students participating to complete the training in the required time. CLEET employs 7 full time LEDT instructors (some of which are teaching other courses at the time of LEDT due to our operating two basic academies at the same time, 12 months out of the year). Generally, we will need 8 to 12 adjuncts in every class.

Practical Exercises – During the final week of the Basic Academy instruction, CLEET provides 20 hours of practical exercise, hands on training, to the students. We conduct 6 to 10 scenarios (taste on availability of personnel). Each scenario requires from 2 to 4 actors along with an instructor to critique the students. In order to accomplish the scenario training we require a minimum of 18 role players/instructors each day.

Practical Dates

A 1502 - July 28 - 29, 2015

A 1503 - October 06 - 07, 2015

A 1504 - January 05 - 06, 2016

A 1505 - March 15 - 16, 2016

BASIC ACADEMY SCHEDULE

CLEET will be conducting Law Enforcement Driving Training for the basic academy over the next three weeks. We have an extreme shortage of adjunct instructors for both sessions. The week of July 21st – 24th we are short nine instructors. The week of August 4th – 7th we are six short.

Adjunct instructors may be provided one hour of continuing education credit for every one hour of instruction provided, i.e. 10 hours of CE for one 10-hour day of instruction, if they teach for the entire block of instruction including the classroom day, which is this Friday, July 17. If the instructor is not able to attend the entire block they will be awarded 8 hours of CE credit once per year (as we have done in the past). If there are driving instructors available during those two weeks I would be extremely appreciative if they would be allowed to help. CLEET provides housing and two meals per day to adjuncts who come to Ada to assist. Training runs from 0700 – 1730 hrs each day with one night drive each week.

DID YOU KNOW?

- State law requires agencies to notify CLEET within thirty (30) days if an officer resigns while under investigation. 70 O.S. 3311 (K) (8).
- Failure to submit Notice of Employment form may disqualify an agency from participating in training programs. 3310 (I) (1).
- O.A.C.390:10-1-3 – All agencies are required to report employments and terminations within ten (10) days on the current Notice of Employment form. Cadets are now required to sign Promissory Notes when they enter the CLEET Academy. The Notification of Employment is an important document used to establish employment and days credited.
- Accreditation – Agencies that conduct in-service training are required to submit an Accreditation Form with Instructor's information to CLEET for CLEET training credit. As of January 1, 2012 Course Accreditation will be for a period of 3 years instead of 1 year. [Click here for accreditation information.](#)
- Training that does not require accreditation and is taught by someone other than CLEET, such as the Justice Department, FEMA, Federal Law Enforcement, BIA, Online and etc, requires a Report of Training Form to accompany the roster or certificate.
- The new SDA concealed carry permit curriculum is available to licensed SDA instructors. Please email breanna.atkeson@cleet.state.ok.us for your copy. You will need to provide your name and SDA instructor number. The staff at CLEET thanks all of the people who assisted with the revision, including, but not limited to: Thomas B.W. Nation, Miles Hall, Jack Ostendorf, Dean Vassilakos, B. Branch, and Mike Miller.
- Several universities are now giving credit or determining if they can give credit for time spent in the CLEET Basic Academy, and the Law Enforcement Terrorism Certification Program—Basic, Intermediate and Advanced Certification. If you are interested in gaining college credit for CLEET training hours, talk to your university and if they are giving this credit, you can request your training record from CLEET and submit it to your university.
- Any adjunct instructor seeking compensation, should work diligently with CLEET to get contracts turned in no less than 60 days prior to the course that they are seeking payment for.
- All emails sent and received by CLEET employees are considered property of CLEET and may be subject to disclosure to the public pursuant to the Oklahoma Public Records Act.

CONTINUING EDUCATION INFORMATION

CLEET has continuing education classes that are limited for one reason or another. After the class has reached its maximum number we are required to close them. There are officers who do not withdraw, thus, taking a spot that another officer could have had had we known there was space. This gives a false number of officers who are enrolled to the instructors (who donate their time to teach). This also can cost the Instructors time and possibly waste of handouts. We ask you to be mindful and courteous to your fellow officers and withdraw as soon as you find out you are unable to attend. Should this continue CLEET may enact sanctions against habitual offenders.

PEACE OFFICER RECORDS DIVISION

July 1, 2015

From the Peace Officer Records Division CONTINUING EDUCATION

It's July! Half of our training year is complete. Agency administrators, training coordinators, instructors, and officers need to start reviewing their training record to make sure that all training attended has posted to his/her training record. It is vital that instructors submit their training rosters to CLEET as soon as courses are completed. Training coordinators are encouraged to watch their full-time officers training history to make sure that they are on track to completing the required mandate training hours of 25 total hours, 2 hours of which must be mental health related. All officers, full-time and reserve, must have a firearms requalification (even if they just worked one day in the calendar year).

As standard practice, CLEET accepts current year continuing education for posting with the following exceptions.

If an officer is not compliant for previous year(s) service, CLEET will accept training from prior years to post as make-up training for that particular year.

CLEET has on occasion posted prior training if an officer shows "just cause" that he/she had a specialty skill (i.e., OC Spray, taser training, skills instructor training) and needs the training posted to his/her record.

CLEET has also recently started recording certain FEMA courses that are required to apply for federal funding through grant programs.

Law enforcement related military training would have to be submitted for administrative review and approval before it can be posted to CLEET record.

Continuing education training hours accumulated over the state mandated 25 hours (two of which are mental health) are not carried over to next training year. Training hours are applied to the year in which they are taken unless officer has deficiencies in previous years of service.

If an officer attends training and they do not sign a CLEET roster (i.e., out-of-state training, online training, etc.), they will need to complete a Report of Training transmittal form for each certificate and submit the form and certificate to CLEET as soon as possible. The Report of Training form can be found at HYPERLINK "http://www.ok.gov/cleet/documents/ReportOfTraining.pdf" <http://www.ok.gov/cleet/documents/ReportOfTraining.pdf> .

AGENCY EMPLOYEE STATUS/INFORMATION REPORT

Agency Administrators please be reminded of the following statutes:

*70 O.S., § 3311 (I) Requires that every law enforcement agency employing police or peace officers in this state **shall submit to CLEET on or before October 1** of each calendar year a complete list of **all commissioned employees** with a current mailing address and phone number for each such employee.*

CLEET will start accepting electronic submission via an Excel spreadsheet on July 1, 2015 for the report year 2015. The spreadsheet method will help law enforcement agencies report only data needed for each of your peace officers in a document that can be easily uploaded to our system. Electronic submission instructions are included on the website. Some departments should be able to extract this data from your own internal agency database and place the information into the CLEET spreadsheet.

Once CLEET has received your **Agency Employee Status/Information Report**, you will be notified by letter that we have received the report. The letter will also inform you if we find any discrepancies between the information you provided and CLEET's current records. For information and assistance with the electronic submission method of reporting, please contact Robbie Weathers at 405-239-5120 or Norma Floyd at 405-945-9153. This information should only be reported by each agency once per year before the October 1st deadline.

Every law enforcement agency should have a training coordinator identified and will need to fill out the appropriate online records agreement to submit to CLEET. If your agency does not have a training coordinator, CLEET will accept the report from the department/agency head or designee. CLEET will post an affidavit form with the instructions and spreadsheet so that administrators can advise CLEET that the individual reporting to CLEET is an authorized designee of the department. If the report comes from anyone other than the agency administrator or the training coordinator, this form will be required to make changes to your department officers' individual records. The training coordinator can be the agency administrator. For information about the online records agreement and initial set up of your agency for electronic submissions, please contact Julie Bender at 405-239-5122.

If commissioned employees notify your agency of address changes throughout the year, please make sure that they are aware that they must complete a Notice of Change of Address form and submit to CLEET per the Statute below:

*70 O.S., § 3311 (Q) Is new language that requires all peace officers, reserve peace officers and tribal peace officers to maintain with the Council current residential addresses and shall notify the Council, in writing, of any change of name. Notification of change of name shall require certified copies of any marriage license or other court document which reflects the change of name. **Notice of change of address or telephone number must be made within ten (10) days of the effective change.** Notices will not be accepted over the phone.*

The address correction form can be found at: "http://www.ok.gov/cleet/documents/PoliceOfficerAddressChange_V2.pdf" http://www.ok.gov/cleet/documents/PoliceOfficerAddressChange_V2.pdf

SPECIALIZED INSTRUCTOR CERTIFICATION

Academy cities and outside law enforcement agencies will be allowed to sponsor the firearms, LEDT, and defensive tactics skills instructor courses. They first need to contact Shannon Butler to be approved to sponsor the course. They then will need to apply for an accreditation number(s) for their school.

They will be assigned individual accreditation numbers for their school by applying for accreditation with Tami Burnett. Tami can also assign instructor apprenticeship accreditation numbers to only Academy Cities.

Academy cities are: Broken Arrow PD, Edmond PD, Norman PD, Oklahoma Highway Patrol, Tulsa PD, Oklahoma City PD, and Lawton PD.

Academy cities can do the apprenticeship portion of the instructor training with their employees only. If they open their instructor school up to other agencies, the other agency individuals will have to come to CLEET to complete their apprenticeship training.

Each individual is responsible for notifying CLEET that they are ready to do their apprenticeship and must complete the apprenticeship within one year or less from the final day of completion of the skills training. **Hours will be granted for instructor schools as they finish phases and apprenticeships.**

The officer is not considered a CLEET certified instructor until they have completed all instructor skills training and an apprenticeship as noted above. If the officer is required to finish the apprenticeship at CLEET, they will need to contact one of the individuals listed below to schedule for a Basic Academy.

DAILY PHYSICAL TRAINING

Officers, deputies, and agents attending a CLEET Basic Academy will now be required to spend the last 30 minutes of each training day participating in various forms of light exercise and stretching. Physical Training during the Academy has been designed by CLEET staff that are certified Law Enforcement Fitness Specialists and Master Fitness Instructors by the Cooper Institute.

Physical fitness exercises that students will be participating in are:

- Power walking/Light Jog (Equivalent to a 20 minute mile)
- Basic Jumping Jack, Body weight squats (Slow count of 3 seconds down / 3 seconds up)

Walking lunges

- Bear crawls
- Planks and/or crunches
- Pushup

Other exercises that will be done may include various portions for the actual CC/DT block such as patterns of movement, step and drag drills, officer survival drills and much more.

The goal is to take this 30 minutes each day and:

- Help better prepare each cadet for the upcoming training in CC/DT.
- Allow them to have a small amount of extra time in order to help increase their knowledge in officer safety techniques.
- Bring those who are lacking in physical conditioning to a higher level of self awareness and prepare them for the academy.
- Possibly instill better eating and physical fitness awareness for their future in L.E.
- Possibly reduce injuries here at the academy as well as on the job related injuries and illness.

ALERRT Program

The Homeland Security grant directing CLEET to provide active shooter training is progressing better than we had expected. There are classes being held across the state and the officers that have attended are expressing their support for the program. We have classes scheduled four months in advance and they are available for registration on the CLEET website. Over 3500 officers have been trained in the ALERRT End User courses and we have trained over 90 ALERRT instructors. The classes are two day sessions with 16 hours of CLEET continuing education credit.

[Click here to login and enroll in an ALERRT course near you.](#)

TRAINING OPPORTUNITIES

Online training for CLEET credit can now be obtained through the Federal Law Enforcement Training Center (FLETC) website. Please click on the following web <http://www.acadis.net/fletc/>. Once at the site, those who maintain a CLEET certification and are active law enforcement officers can register for an account to access 200 courses funded by FLETC (free to the departments). After completing the short registration form, LETN will follow-up with an e-mail/phone call to the agency head or supervisor to confirm the provided information. Access to the training should be granted within a few days. Until further notices, print, scan or forward certificates received from LETN training to CLEET so we can properly credit (e-mail [preferred], fax, or mail) training records.

CLEET STATUTE & RULE CHANGES FOR 2015

STATUTE CHANGES WILL NOT GO INTO EFFECT UNTIL NOVEMBER 1, 2015. RULE CHANGES WILL GO INTO EFFECT IN SEPTEMBER 2015

CLEET statute changes for 2015

SB 64 (effective November 1, 2015) amends Title 70 O.S. Section 3311 to clarify the process to be followed when a peace officer is involuntarily committed (to match the provisions of the Mental Health Act). Also allows CLEET to subpoena records to assure compliance with the statutes. Use of these records is limited and there is a very specific confidentiality requirement.

SB 135 (effective November 1, 2015) amends Title 70 O.S. Section 3311 for several purposes:

- Clarifies CLEET's authority under the Bail Enforcement Act
- requires and authorizes CLEET to address any requirements imposed by LEOSA (HR 218)
- Allows CLEET to use a certified copy of a criminal indictment or information as 'clear and convincing evidence' of the charge, for purposes of suspension pending disposition in appropriate cases.
- requires the Agency to certify that a newly hired peace officer hire does not have any criminal charges pending at the time of employment.
- Clarifies that an 'Alford' plea (in which the defendant accepts the consequences of a guilty plea without ever admitting guilt), or 'any plea other than not guilty' is a sufficient basis for disciplinary action against the officer. Also requires the District Attorney to report any such plea to CLEET and extends that reporting requirement to Reserve Officers.

PCIS October 12-14, 2015

Post Critical Incident Seminar

The PCIS is a workshop for first responders and other personnel who have experienced a critical incident. Although responders may receive support immediately following their critical incident, they often still experience long lasting effects.

Patterned on a format which has been used by the FBI since 1985, the PCIS will provide education on trauma, patterns of resolution, and field tested coping strategies which promote recovery and resilience. Peer support is an important element of the PCIS. Discussion of incidents with fellow officers who have experienced critical incidents themselves promotes normalization and recovery.

RE: must a driver understand the 'implied consent Advisory'?

Lemus v. State (DPS) 2015 OK CIV APP 54

A very interesting case.

First, the facts as set out by the appellate court: Mr. Lemus was stopped for DUI by Del City Officer Rogers. Because Rogers was having difficulty communicating with Mr. Lemus Officer Whittington, who had 'limited Spanish speaking ability' tried to help. Whittington could not make Lemus understand. They tried unsuccessfully to contact an Officer who spoke fluent Spanish. Whittington then read the implied consent advisory to Lemus in English.

Lemus later conceded that (1) he understood the officers asked him to take a test (2) he agreed to take the test, and (3) he was supposed to 'blow into the machine'.

Mr. Lemus was not able to properly give a breath sample. The only measurable sample was 0.10. DPS revoked his driver's license for 180 days. Lemus appealed to District Court

The District Court, Judge Walke in Oklahoma County, overturned the revocation of the driver's license, concluding that 'equal protection jurisprudence' meant that Lemus had to 'be given the implied consent advisory in his native Spanish'. DPS appealed.

The Court of Appeals (Presiding Judge Bell writing for the court) reversed the District Court and upheld the revocation.

Now, to the Court's discussion of the law: They begin with Oklahoma's Constitution, Article XXX, § 1, which mandates 'all official actions of the state shall be conducted in the English language, except as required by federal law'. The appellate court held that no federal law requires that the implied consent advisory be given in 'any language other than English'.

The appellate Court then discussed the implied consent law. '(W)hen a driver turns his vehicle onto a public road, the driver has automatically consented to being tested for intoxicants by blood or breath'. While the law 'requires law enforcement to recite the advisement, ... the suspect need not comprehend'.

The Oklahoma Court quoted from the Oregon Supreme Court in a similar case:

'While the statute recognizes that a person may refuse to submit to the test, the legislature could hardly have contemplated that it was necessary that there be a completely knowing and understanding submission. If this were the case, the only people who could be tested would be those who were not sufficiently intoxicated to interfere with their mental processes'. (emphasis supplied)

The reason is that, under implied consent, a driver 'already has consented to the test'. The driver cannot legally refuse. The purpose of the Advisory 'is not to reinstate a driver's right to choice'. The purpose is to 'non-forcibly enforce the driver's previous consent'. When asked to take a breath test, the only decision for the driver is 'whether to physically refuse' (with the consequence of license revocation for the refusal). Because the driver has only the ability to 'physical ability', but not the 'legal right' to refuse, the question of whether the decision to physically refuse is 'fully informed or voluntary' does not matter.

'Thus, whether a driver makes a knowing and voluntary choice to refuse is of little or no consequence'.

The Appellate Court concluded: 'Lemus consented, as a matter of law, to intoxicant testing when he chose to drive on Oklahoma's highways'. '(W)e hold DUI arrestees have no legally enforceable right to comprehend the Implied Consent Advisory'.

A final note from the Court:

'The operation of a motor vehicle on a public highway is not a natural, absolute right, but a conditional privilege which may be granted, suspended, or revoked under the police power of the state. A driver's license is not a contract or a property right in the constitutional sense, ... The privilege is granted to those who are qualified, who comply with reasonable police power requirement in the interest of public safety and welfare, and is withheld from those who do not.'
