

THE
Sac & Fox Nation Police
Department
Presents
PATROL RIFLE OPERATOR
SCHOOL

Held at the Sac & Fox Nation
Training Facility, Stroud, OK

Recent high-visibility events, such as the North Hollywood Bank shootout and the Virginia Tech massacre, have again stressed the importance of the patrol rifle in the hands of trained police officers. It is these officers who are the first responders to such horrible events. Society demands that the police take immediate action to quell such massacres. As a result, police are finding that it is not in the best interest of their communities to wait for "SWAT" to arrive.
