SECTION G: WEAPON SELECTION

A weapon choice of Revolver **or** Semi-Automatic Pistol is offered for training in the Firearms Portion of the Basic Academy. The following guidelines must be followed when making a weapon selection:

1. Each student must successfully complete the Basic Law Enforcement Academy Firearms training block using the same, or a like weapon, throughout. Specifically, if a student begins the class with a Smith & Wesson, double-action only, semi-automatic pistol, they must complete the class with that pistol or a second double-action only, semi-auto pistol. Further, after the training has begun, if a student is committed to shooting a semi-auto pistol, they may not switch to a revolver. (A revolver may not be switched to a semi-auto pistol).
2. Changes in weapon choice will not be permitted after the first week of the basic academy due to the advanced planning that is necessary to obtain ammunition, armorers, and instructors for the various weapons. During the first week of the academy, students must present a letter from their agency head to change type of weapon.
3. Back-up weapon/repair parts. Due to the number of different makes and models of semi-auto pistols which are available and may be brought to the academy, the firearms training staff is unable to maintain a stock of spare parts to repair weapon malfunctions. Therefore, to insure completion of the firearms training, students should bring a like back-up weapon and/or spare parts.
4. For those students who will bring revolvers, the rules are the same although some revolver parts may be available through the individual armorers.

Section K2: Cadet Physical Assessment Test for Safe Participation Instructions

(COMPLETE GUIDE FOR CADET PHYSICAL ASSESSMENT TEST FOR SAFE PARTICIPATION CAN BE FOUND ON CLEET'S WEBSITE WWW.CLEET.OK.GOV.)

In accordance with Title 70 O.S. § 3311.11, beginning November 1, 2009, any person who is employed as a peace officer within the State of Oklahoma and who is scheduled to attend the basic law enforcement certification academy conducted by CLEET shall, prior to admission, be required to provide proof of a score of a minimum of seventy percent (70%) on the CLEET approved physical assessment test. The purpose of this test is to ensure the applicant is in sufficient physical condition to safely participate and/or avoid unnecessary injury during basic law enforcement training.

Test Review and Practice

The test guide outlines the components of the physical assessment test for safe participation, and may be pre-screened or practiced by the hiring agency prior to the offered test by CLEET.

Test Administration

The Test for Safe Participation will be administered at the K. O. Rayburn Training Center in Ada, Oklahoma. Two testing dates will be available. The first test will be held on the Wednesday of the week immediately preceding the start of the scheduled academy. Testing on Wednesday will be between 0800 and 1700 hours. The second testing will be held on the Monday prior to the start of the Basic Academy. Testing will begin at 0700 hours. Academy participants will be required to notify CLEET which testing session will be attended. This notification shall be included in the "Confirmation Letter" submitted to CLEET prior to the start of the basic academy.

Passing the Safe Participation Test

Students will be administered the tests up to a total of four times - two times each of the two testing days, at times which allow the student more than one hour of rest between attempts. Disqualification counts as one of the four overall attempts. In the event the participant fails or is disqualified on both tests on Wednesday before the academy, and fails or is disqualified on both attempts on Monday before the academy, they will be notified of the failure and their agency administrator, or designee, shall be notified immediately. The participant will be directed to return to their agency and they will not be allowed to begin the scheduled basic academy.

Medical Release (Titled Section J3 in this document)

All participants must, prior to participating in the Test for Safe Participation, obtain a medical release signed by a physician stating that the applicant is physically capable and medically able to safely participate in the physical assessment test. Applicants will NOT be allowed to participate in the test without a signed medical release.

Waiver of Liability (Titled Section J4 in this document)

All participants for the CLEET basic academy, must, prior to participating in the Test for Safe Participation, sign a Waiver of Liability and Release of All Claims form ("Waiver form"). Applicants will not be allowed to participate in the test without signing the Waiver Form. This form will also be posted on the CLEET website.

What to Wear During the Test

Tennis shoes are recommended. Sweat pants and a T-Shirt. To prevent sweat pants from moving down the legs and coming off during the stomach crawl component, candidates should tighten their sweat-pant draw-strings to ensure a tight fit. Shorts are not recommended for safety reasons. Candidates should NOT wear watches, rings or other items which could harm them while taking the test.

What Candidates should do Prior to Taking the Test

Just prior to taking the test, candidates should consider jogging lightly, performing some jumping jacks to get their blood flowing, and stretching to prepare themselves for the short burst of physical exertion in which they are about to engage.

SECTION K3: Medical Release

Oklahoma law requires all law enforcement officers to attend and successfully complete a basic training program approved by the Council on Law Enforcement Education and Training. Programs approved by the Council are based upon a validated analysis of the tasks that law enforcement officers perform in the basic academy curriculum. These tasks involve emergency runs, vehicle crashes, violent family and neighborhood disputes and the arrests of combative persons. Additionally, prior to admission to a basic academy, all applicants are required to complete a physical assessment test. The purpose of this test is to ensure the applicant is in sufficient physical condition to avoid unnecessary injury during the basic law enforcement academy training and to ensure safe participation in a CLEET basic academy. The stress, physical contact, and exertion experienced by an officer during these activities will equal or exceed those experienced by a contact sport athlete during a hard practice. To prepare recruits/cadets to meet these challenges, while attending the Academy, they will be completing the following activities:

- Running
- Step and Slide Exercises (To the Left and Right)
- Diagonal and Rear Shuffle (To the Left and Right)
- Crawling on Stomach
- Bear Crawl
- Obstacle Dodge (Running in a Zig-Zag Manner around Obstacles)
- Weight Drag (Dragging a 95 lb weight 20 feet)
- Drive emergency vehicles
- Practice handcuffing
- Engage in baton and weapon retention techniques
- Qualify with both a handgun and shotgun
- Run, jump, wrestle and be thrown to the ground
- Participate in practicum activities
- Role-play in a number of job related scenarios which require strength, agility and endurance

Specifically, while learning Defensive Tactics and Custody and Control, the cadet must have leg strength and endurance necessary for instilling, through repetition, the balanced, dynamic footwork necessary for successful defense.

- Falls and Recoveries: The student will be taught to safely impact the ground from any direction and tactically recover to a standing fighting stance. This is necessary to safeguard the student not only from attacks on the street, but to allow for the practice training of throws and take downs that are taught later as a necessary officer skill when arrest requires physical force to be exerted.
- Active Countermeasures: The student will be required to deliver a variety of full speed, full power strikes and kicks, sometimes with accentuated joint angles. The student will also be required to receive and endure such strikes, from a training partner, while holding impact bags.
- Throws and Take Downs: The student must receive and deliver full power dynamic throws resulting in full impact with the ground. The student must endure and deliver continuous applications to instill muscle memory and he or she must continue to recover in a tactical manner.
- Stabilizations: As a prerequisite to combat cuffing, the student must endure and apply repeated locks, pins and applications of body weight while learning forced ground stabilizations.
- Joint Locks: The student must endure and deliver repeated applications of maximum threshold joint locks to all parts of the body, including the neck, shoulder, elbow, wrist, fingers, hips, knees, ankles and toes.
- Handcuffing: Using various positions, locks and holds, the student will endure and deliver repeated applications of steel handcuffs to the wrists.
- Batons: The student must deliver full speed, full power baton strikes and receive same while holding impact bags. Using the rigid baton, the student will also endure and apply locks, leverage and pressures to sensitive body areas.
- Weapon Retention and Disarming: The student must have sufficient grip strength to maintain a secure grip of holstered or un-holstered weapons. The student must be capable of balanced dynamic movement and delivery of full power strikes. The student will also be required to move evasively from a variety of positions while maintaining a balanced structure and control of an adversary's weapon.

SECTION M: AUTHORITY TO RELEASE INFORMATION AND PARTICIPANT NOTIFICATION

I hereby authorize any individual or any agency, governmental, private or otherwise, to release any information regarding my present and past employment; medical information regarding diagnosis and treatment of medical conditions which may affect my performance in the basic academy; any information relating to my criminal history; any education records, or any other information which is deemed confidential, to any authorized representative of the Council on Law Enforcement Education and Training. I further authorize the Council or its authorized representative to release to any law enforcement agency, or other governmental agency, any information contained in this application or my permanent training file, including, but not limited to, psychological reports, mental health reports, medical reports, academic records, promissory note information and disciplinary reports.

This completed and signed application serves to notify the applicant that some phases of training offered herein may be physically demanding and rigorous in nature. Applicants should be in reasonably good physical condition to successfully complete the required training.

1. All applicants must be full-time, salaried peace officers as prescribed by statutes, and must be enrolled and approved prior to attendance.
2. Falsification of any document, form, or instrument, cheating on any test, regardless of manner, violation of any federal or state law or local ordinance, or any CLEET policy will result in immediate dismissal.
3. Students shall be under direct control of CLEET personnel in all training, testing, lodging, meals, or other applicable areas, regardless of the hours. Disrespect to any training personnel, student, or citizen, and any action that may bring disrespect to the Council on Law Enforcement Education and Training, or to his or her individual agency will not be tolerated.
4. Additional rules for individual academy will be provided at the beginning of each academy. Any violation of the rules will result in a letter of explanation, outlining the violation and the disposition taken, being sent to the respective officer's department head.
5. House Bill 1154, effective November 1, 2001, requires CLEET to make inquiry to determine that any applicant for peace officer certification is not currently undergoing treatment for a mental illness, condition or disorder and that the applicant has never been involuntarily committed to an Oklahoma state mental institution.

I certify that I am not currently undergoing treatment for a mental illness, condition or disorder nor have I ever been involuntarily committed to an Oklahoma state mental institution. I understand that in compliance with Oklahoma statutes CLEET will make inquiry of the Oklahoma Department of Mental Health and Substance Abuse Services to determine any involuntary commitment to an Oklahoma state mental institution. I understand that CLEET is also required, by statute, to immediately inform my employing agency of any involuntary commitment.

I certify that the statements made by me in this application are true and that I understand that any misrepresentation is sufficient cause for dismissal from the offered training and is a felony punishable by imprisonment in the Department of Corrections for a term of not less than two (2) years nor more than five (5) years, or by a fine not exceeding Two Thousand Dollars (\$2,000.00), or by both such fine and imprisonment. I certify that I have met the educational requirement and do not have a conviction of a felony, a crime of moral turpitude, or a crime of domestic violence, nor am I participating in a deferred sentence for a felony, a crime involving moral turpitude or a domestic violence offense. I accept personal responsibility for any injury that I might incur during training and relieve CLEET personnel of any financial or other liability
