## Countering Edged Weapons

This is a countering edged weapons class-it is not an edged weapons defense class. There is a difference in mindset. No matter how long you “defend” against a blade, the attacker will not stop the attack because he is unable to cut. A knife wielding attacker will not stop an attack unless something causes him or her to stop.

### Highlights:

- **OODA Loop.**
- **Counter attack transition to sidearm.**
- **“Position of Life.”**
- **Active countermeasures from the position of life.**
- **Position of life transition to firearm.**
